

CAMP TUSCARORA SUMMER 2024

Cub Scout Resident Camp Advancement

Cub Scouts attending summer camp at Tuscarora will have opportunities for fun and advancement in shooting sports (archery & BBs), waterfront (boating and swimming), outdoor skills, field sports, arts & crafts, bouldering & climbing, fishing, citizenship, and earning their Whittlin' Chip. They will also have an opportunity to visit our special themed Mining Camp area with a gem sluice and dig site for rock exploration.

Scouts will work on earning the following elective Adventures as part of the resident camp program. These are based on the new updated Cub Scout requirements that will take effect on June 1, 2024. Individual requirements for other Adventures that are not listed below may be touched upon and completed by chance during the week, but those are not a driving goal of the Cub Week program curriculum.

Tigers:

Archery	BB Guns	Floats & Boats	Tiger in the Water	Let's Camp	Fish On
