What is NYLT?

National Youth Leadership Training is an exciting, action-packed program designed to provide youth members with leadership skills and experience they can use in their home units as well as other situations requiring leadership of self and others.

Through a blend of activities, presentations, challenges, discussions and games, NYLT participants will develop confidence and leadership abilities while working together as a team. NYLT is a great addition to a resume too!

Course Design

NYLT is a six-day course. Content is delivered using a troop and patrol method in both indoor and outdoor settings with an emphasis on immediate application of learning in a fun environment. It is designed to build leadership concepts progressively, using practical exercises to reinforce learning. Participants embark on a Quest for the Meaning of Leadership, which brings the leadership lessons to life as they apply their skills throughout the course.

Our Team

The course is led by a volunteer youth staff from Scouts BSA, Venturing and Sea Scouts that have completed the course and participate in a series of advanced workshops and trainings.

The youth staff is supported by a team of adult volunteers that ensure a safe, productive and fun course.
