

Camp Gorton Campership

"Pintwood" Derby Official Rules for Stock Division Cars

The 1st Adult "Pintwood" Derby will be held on Saturday, March 9th, at Carey's Brew House on Bridge Street in Corning. This is a fundraiser for Scouts registered in the council and needing financial assistance to attend summer camp at Camp Gorton.

Check-in and inspections will begin at 6:00 pm. Races start at 6:30 pm. The derby is open to all adults 21 years of age or older. The cost to participate in the "Pintwood" Derby is \$50.00 per car. Registration is via the council website or cash in hand delivered to Karl Ziegenfus by the close of business at the council office on Friday, March 1st - NO EXCEPTIONS!

All cars racing in the **STOCK DIVISION** must meet the following specifications.

All cars must be made from the official BSA kit provided. Pre-cut kits available on-line and at local craft stores are NOT permissible to be used for the Stock Division.

Wheels:

- Customized purchased wheels are not allowed.
- Wheels may be lightly sanded and polished. The nubs on the wheels must be visible.
- Wheel lathing, shaving, or trimming is not permissible. If it is suspected, a wheel will be measured and if not in tolerance the car will be disqualified from racing.
- Wheels can be purchased if they are not shaved, thinned, trimmed, and must be the official BSA wheels * * * **SEE FIGURE #3**
- Only powdered graphite is allowed.
- Wheel hubs are allowed to be polished only.
- The car must be freewheeling with no starting devices.

Axles

- Customized purchased axles are not allowed.
- Axles are to be the ones in the official BSA kit (nails).
- Axles are allowed to have the crimp marks filed off and can be sanded and polished.
- Axles are allowed to be bent if there are at least 3 of 4 wheels touching and all other car dimensions are met.
- Every effort must be made to use the pre-cut axle slots in the car. Drilling holes for axles is permissible as-long-as the back axle is no closer than 15/16" from the back edge of the rear of the block, the wheelbase is between 4 1/4" and 4 3/8" of an inch, and the undercar clearance is at least 3/8".
- Wheel bearings, washers, and bushings are not permitted.

Weight

- Total Finished car maximum weight is not to exceed 6 oz.
- If weight is added to the bottom of the car, it must be Recessed up into the body of the car as not to interfere with the bottom clearance of the car * * * **SEE FIGURE #1 & #2**

Official Finished Car Dimensions

- Max car length – 7 inches
- Max car width – 2 ¾ inches
- Max Car Height – 2 ¾ inches
- Minimum width between wheels – 1 ¾ inches
- Min Underbody Car Clearance 3/8 inches
- Wheelbase – between 4 ¼” and 4 3/8” of an inch
- Weight – Finished car weight – 6 oz.

Each car must pass inspection by the official inspection team before it may compete. The inspectors have the right to disqualify any car that does not meet specifications. If any car does not pass inspection, an opportunity to make adjustments is permitted. Re-inspection is possible if changes can be made before the start of the race. Cars are to be managed only by race officials after passing inspection. In case of disputes the decision of the judges is final.
