

# Five Rivers Council - BSA

## Wobble Trap Tournament

Wobble Trap is a great way to introduce anyone to the world of skeet and trap shooting. It's easy, low-pressure and held in a family-friendly format.

You shoot on a 5-stand level field or an elevated platform. During the game, the trap "wobbles" or oscillates both side to side and up & down for the flight paths.

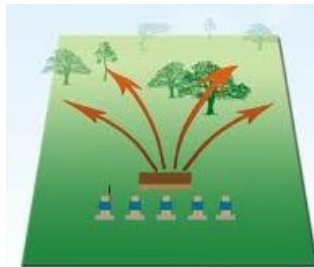

Most shooters use double barrel side-by-side or over-and-under shotguns or semi-automatic shotguns. NYS compliant shotguns must be used. The preferred shot size is 7½. Shot sizes of 7 ½, 8 and 9 are welcome. Steel shot is not permitted.
