

About the Event

Sporting clays is like skeet shooting, with some trap shooting along the way and a little bit of golf thrown in for good measure. It's a shotgun shooting game in which clay pigeons are thrown in ways that mirror the flight pattern of game birds, or occasionally rabbits, in their natural habitats.

Sporting clays is exciting, challenging and **LOTS OF FUN**, no matter if you're a beginner, novice or experienced shooter. The shooting grounds are laid out in stations also called stands along a course similar to golf & you shoot between 4 & 6 clays per station.
