

BSA Pre-Event Medical Screening Checklist

This is a tool to help leaders identify potentially communicable diseases in advance of event participation. The intent of this checklist is to review with each participant their current health status both before departure and upon arrival at the event.*

Name: _____ Date/Event: _____

Unit: _____ Campsite: _____

Do not participate if you have any of the following symptoms in the past 24 hours:

- Fever (100.4° F or greater)
- Vomiting
- Diarrhea
- New cough

Do not participate if you or anyone you live with has recently tested positive for COVID-19 or does not have test results back.

If you have a positive COVID-19 test, follow the CDC guidance for isolation and your personal health care provider's treatment recommendations.

Be responsible for your health and that of others. Isolate if you are sick. Do not attend any activity/meeting/event if you, anyone you live with or anyone you have recently been around feel unwell. Symptoms might include:

- Unexplained extreme fatigue
- Unexplained muscle aches
- New rash
- Sore throat
- Open sore

Participants who are symptomatic or ill should not attend or return to an activity until cleared by their health care provider.

- I have received a negative COVID-19 test result on a PCR or NAAT test that was performed on a specimen (e.g., swab) collected within 72 hours prior to arrival at the camp.

OR

- I have received a negative COVID-19 test result on a rapid antigen test (including at home self-tests) collected within six hours prior to arrival at camp.

OR

I have had a confirmed case of COVID-19 within 90 days prior to arrival at camp.

I certify that the above statements are truthful and accurate.

Signature _____
(Signature of Adult Participant or Parent/Guardian if Youth Participant)

Date: _____
