

Two Camps to choose from!

Camp Cutler - Totality: Naples, NY - 1 minute and 46 seconds at (approx.) 3:20pm 4/8/24

Why is Camp Cutler a great place to view the Eclipse?

- No light pollution
- A short drive (one hour) south of Rochester, NY
- Easy to access from the south
- Traffic from Rochester or Buffalo can be avoided
- [Local attractions](#)

Important note:

- Conditions could range from muddy to winter-like. A heater may be needed.
-

Camp Massawepie - Totality: Tupper Lake, NY - 3 minutes and 32 seconds at (aprox.) 3:24pm 4/8/24

Why is Camp Massawepie a great place to view the Eclipse?

- No light pollution
- Northern Adirondacks
- Easy to access from the north
- Traffic from Rochester or Buffalo can be avoided
- [Local Attractions](#)

Important note:

- Conditions could range from muddy to winter-like. A heater may be needed.
-

Getting a clear view...

You may be worried that after all your planning, as the eclipse draws near, the weather will be cloudy at the camp you will be located. We are offering the ability to move from one camp to another if you believe conditions will be better. We cannot guarantee that we space will be available but, we will accommodate if space is available.

If you book either of our camps and as the Eclipse gets closer, you find that the viewing conditions will be better at the other camp, we can move you (space permitting). You can also utilize our Service Center parking lot in Henrietta, NY if needed.
