SNOWSNAKE Information

Snowsnake

COME JOIN OUR SNOWSNAKE COMPETITION. Snowsnake is a Native American winter sport, traditionally played by many tribes in the northern Midwest, including the Ojibwe, Sioux, Wyandotte, Oneida, and other Iroquois people. Snowsnakes are handmade, primarily from hickory or ash and thrown in a snow trough made specially for the event. Longest slide wins! Awards for three classes listed below. And Show and Shine!

BEGINNER SNAKE

(CUB SCOUT, 10 AND UNDER): MUST MEASURE LESS THAN 24". CAN BE SIMPLE WOOD DOWEL OR ORNATELY CARVED.

MUDCAT

(11 AND UP) SNOWSNAKE SHOULD MEASURE BETWEEN 24" AND 36". CAN BE SIMPLE WOOD DOWEL OR ORNATELY CARVED AND SHAPED.

SNOWSNAKE

(11 AND UP) SNOWSNAKE MUST MEASURE 6-10 FEET. WEIGHTED HEAD ALLOWED. *Carving highly recommended.*

SHOW AND SHINE!

MAKE YOUR SNOWSNAKE LOOK LIKE A SNAKE! Use your wood working skills and creativity. Paint, polish, and looks count over speed and distance here. See if you can make the coolest snowsnake, mudcat, or beginner snake.
