

## Tschipey Achtu Lodge

### Code of Conduct

Being elected is an honor by our fellow scouters. It is up to us to fulfill our obligation and our oath. We are to support our lodge, each other and the Scouting program as a whole. Keep this in mind--

- 1 . Uniforms will be worn at all events, field or activity uniforms (Class A or B) as the event requires.
- 2 . Be a Scout; be prepared. Proper footwear (boots for clean up etc.) rain gear and work gloves should always be with you.
3. No smoking/vaping or alcohol use, fireworks, or the consumption of energy drinks is allowed.
4. All arrowmen in the lodge are of equal importance and we need to make every effort to be considerate. If it's late at night be considerate of those who may have turned in early.
5. One of our main missions is to grow the lodge in membership and quality. Trainings are available for those interested. Follow up with new members, invite them to events, gather their input and share with the Lodge Executive Committee in a cheerful manner.
6. Wear lodge logos proudly and be aware of your actions and how they may be perceived. Be cheerful and inclusive to all members in the Order.
7. When at an event, no youth participants should leave the property without consent of leaders.
8. Code of conduct will be reviewed and revisited by the L.E.C. on a regular basis.
