

Section Conclave 2024 Lodging

We have a variety of options available this year from private apartments to communal cabins and bunk housing. All participants will have access tent camping and the bathhouse with no additional charge. However, if you'd like heating, electricity, and not having to lug your equipment around, we have plenty of options for you:

All pricing is for the whole weekend, not by day

Standard Upgrade

Bunk Housing: Our most available tier will get you out of the elements and into a stove heated bunk house with your YPT designated age/gender group. You'll have the option of choosing a **top bunk at \$10** or a **bottom bunk at \$15** for the weekend. There are some standard bed options available in these bunk houses that will be labelled as bottom bunks. Bunks require you to bring your own bedding. All bunk houses have access to the bathhouse. All bunk placements shall be on first-come-first serve within your purchase category, we will not be assigning you to a specific bunk.

Cabin and Apartment Upgrade

When choosing a cabin or apartment upgrade, ONE person will pay for the room. They in turn can recruit roommates and make their own arrangements for sharing the cost. Married couples and families may share a room. Otherwise YPT must be followed when having roommates.

Communal Cabins: The communal cabins come with a communal living room/kitchen and shared single use bathroom, but individual rooms. Cabin 1 has 2 (queen & twin) beds per room at **\$225 per room**. Cabin 8 has 2 bedrooms, one room has a king, and the other has a queen at **\$225 per room**. Each bed comes with its own bedding.
