

he pine scented air is cool and crisp at 8500 feet, a first class arial adventure park, beautiful scenic views, abundant wild life, a wide variety of merit badge classes, a lake teeming with fish, challenges to overcome, new friends to make, new skills to learn and countless adventures to be had... Welcome to Wehinahpay Mountain Camp, one of the finest camps in the Southwest.

We've been hard at work getting camp ready for your visit, and this leader's guide, and our website should provide you with the resources to begin planning your summer adventure with us. If after going through this guide you have any additional questions, please reach out to us so that we can help pave the way for you to have an amazing summer camp experience.

On behalf of the Conquistador Council, Wehinahpay Mountain Camp staff, and myself, we look forward to sharing the adventure of Scouting with you on the mountain.

Yours in Scouting,

Michael Beaumont

Updates will come with more information regarding camp and the offered program.

June 15-21

Session 2: June 22-28

Session 1:

Cub Camp: June 29 - July 1

Session 3: July 6-12

Session 4: July 13-19

There will be a waitlist available for those who want to add more participants after sessions fill up.

Units are dynamic, and fluctuate in size, we understand that you want to give all your Scouts the opportunity of summer camp, so be sure to sign up early to reserve those spots before they're gone.

Registration Types

Up-to-date pricing information may be found on the registration page linked the following link: https://scoutingevent.com/413-wmc2025

Youth Participants

Adventure Camping Youth The gold star

The gold standard of a Scout's summer camp adventure: opportunities for merit badges, special programs, evening activities, and much more, <u>all included in one fee</u>.

Adult Participants

Adult Participant

Enjoy the mountain environment and relax, focus on your Scouts, or take a class yourself. First adult leader **free** with youth registration, further discounts apply for every ten additional youth registrations.

Adults may volunteer to aid in teaching classes at summer camp. Should you be interested in teaching Scouts or Scouters this summer please contact program leadership through michael.beaumont@scouting.org with your inquiry. Volunteers may qualify for discounted registration costs.

Visitors

Visitor Pass (Day)

Visitors may enjoy spending time at our beautiful camp watching their Scouts learn and enjoy the outdoors. Three meals are included.

Visitor Pass (Overnight)* Visitors who wish to spend the night need to coordinate with camp administration prior to arrival to camp.

*Visitors who wish stay overnight must be registered Scouting America members who have an up-to-date YPT certificate submitted to camp administration prior to their arrival to Wehinahpay Mountain Camp.

Why Wehinahpay?

Mountain Air

Our location is optimal for a true mountain experience: cool and mild temperatures, high altitude camping to prepare for other adventures, and a vast array of wildlife.

Aerial Adventure Park

Challenge yourself on our multilevel ropes course which houses 17 unique elements to traverse and overcome. Climb and leave upon the ladder, or take a leap of faith from the QuickFlightTM to end your course.

Lifelong Impact

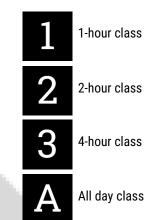

Many discover lifelong friendships and future careers through Scouting. Find passion you would never have thought about in our camp programs and activities.

Modern Shower Houses

Wash the day away in our shower houses on East Side. Our facilities make keeping a Scouts clean a breeze. Each private stall has a toilet, sink, and full-size shower.

The above icons are used in the Program Information section to help you easily identify the characteristics of each class. Be sure to read the program description for details about that particular program.

Merit Badge Program

Most merit badges can be completed at camp, but some require prerequisites, special projects, or other considerations. Those final merit badge requirements will have to be completed at home.

Merit badges are listed by program area with a short description of each badge including any requirements that may or must be completed at home, and the prerequisites (if any) for the badge. There are also a few helpful tips on what to bring.

Keep in mind when building one's schedule distances required to travel between periods. Going from the shooting ranges to the lake or vice versa is generally not recommended for back-to-back periods.

Our recommendation for younger or older Scouts is up to leader interpretation, unless explicitly stated otherwise, there is no age minimum for the merit badge program at Wehinahpay.

COPE/Climbing Area

Climbing

3

Scouts will learn the skills of climbing, rappelling, and belaying. They will have many opportunities to practice throughout the week on our

30 ft climbing tower. Due to the limitations of the equipment it is recommended Scouts be a minimum of 100 lbs and cannot exceed 275 lbs.

Ecology Area

Environmental Science

This Eagle-required badge is a two-hour session. It requires daily hikes, field notes, and experiments. There is a great deal of written material and Scouts should bring a paper notebook.

Fish & Wildlife Management

Scouts will learn to conserve and manage the world's wildlife. Proper stewardship by maintaining the proper balance among animals can minimize the risk of extinction.

Fishing

2

You get a line, I'll get a pole, we'll all go down to the fishing hole and earn ourselves a merit badges! In this two hour class Scouts learn how to use a regular spin cast rod and reel. Scouts are encouraged to bring their own fishing pole, though some poles are

available. Some prior knowledge of fishing is recommended but not required.

Forestry

Scouts will learn all about the trees found around Wehinahpay and how to identify them. We are unique as our forest contains both conifers and deciduous trees. Forestry requires a leaf collection and report so Scouts should bring their own paper notebook.

Nature

Nature is an excellent introductory merit badge to the Ecology area. It requires some hiking and observation as Scouts learn about the area around them.

Soil and Water Conservation

Water plays an important role in our especially in environment, Southwest. Scouts will do an indepth study on the conservation of soil and the role that soil plays in environmental protection. There is some written material for this badge so Scouts should bring their own paper notebook.

Weather

In this session, Scouts will learn how Earth's weather affects us all! Requirements 8 and 9 may be completed before arriving at camp.

Handicraft Area

Art and Sculpture

This fun one-hour merit badge session teaches Scouts to explore their creativity. They will paint, draw, and sculpt in a variety of media.

Basketry

Each Scout will learn multiple ways to weave a basket and make one to take home. This is an excellent merit badge for young Scouts.

Leatherwork

This is another good badge for young Scouts. Requirement 3 may be done before arriving at camp or may be completed at camp.

Woodcarving

Great for young Scouts! Whether it's carving an elaborate piece or just whittling around the campfire. Scouts will always be using skills that they learn from here. Totin' Chips may be earned during Open Scoutcraft. Knives are available for Scouts to use or Scouts may use their personal carving knives.

·

Scoutcraft Area

Camping

Scouts will be taught the basic skills of both front and back country camping. They will be taught the importance of Leave No Trace. Scouts are welcome to bring some of their own gear, but it is not required. Requirements 4b, 5e, 7, 8d, and 9 may be done before or after attending camp.

Requirement 9b-1 and 9b-6 may be completed at camp.

Emergency Preparedness

Here, Scouts will learn how to recognize, prevent, prepare for, and respond to a wide variety of emergency situations. They will need to bring a pen and paper with them to

class. The First Aid Merit Badge is a prerequisite. Requirements 2c, 7, and 8c may be completed before or after attending camp.

First Aid

Scouts will learn what to do when faced with a medical emergency. A notebook is recommended so they can take notes about skills such as splints, bandages, and CPR. Scouts should bring a serious attitude because the skills they learn here might save their or someone else's life.

Orienteering

In this session, Scouts will learn how to read and use a map and compass to traverse the land. This merit badge involves a lot of walking over the mountainous terrain, a good pair of hiking boots is necessary.

Wilderness Survival

2

What would you do if you were lost and stranded in the woods or a desert? Learn the skills of self-reliance and how to build shelters and start fires from nothing. This merit badge requires an overnight camping trip, an opportunity for which will be offered at camp. Requirement 5 requires putting together a personal survival kit, this may be done prior to arriving at camp, but will be completed at camp. Scouts should bring the necessary equipment and materials to camp.

Range and Target Activities

Archery

2

Scouts experience the safe shooting of a lightweight compound bow. It is fun and challenging. Here, Scouts also learn how to make an arrow and a bowstring.

Rifle Shooting

2

Scouts will learn how to safely handle and use a rifle in a sporting fashion and shoot precisely. They should have the ability to safely control a 10-lb target rifle.

Shotgun Shooting

2

This program will teach Scouts the basics of handling and shooting a shotgun along with safety precautions for firearms. Scouts should be able to manage, aim, and shoot a 20-gage shotgun. Recoil is a concern for smaller Scouts.

Trades Area

Automotive Maintenance

Here Scouts acquire hands-on skills in vehicle upkeep and repair, covering tasks like oil changes and tire rotations for a practical understanding of automobile maintenance.

Photography

Beyond capturing family memories, photography offers a chance to be creative. Many photographers express their creativity using lighting, composition, depth, color, and content to make their photographs into more than snapshots. Good photographs tell us about a person, a news event, a product, a place, a scientific breakthrough, an endangered animal, or a time in history. Scouts must bring their own camera and USB cable so they can download pictures to a computer.

Radio

Scouts will dive into the expansive world of the airwaves in this merit badge. Here, they will learn the fundamentals of a radio, the electromagnetic spectrum, and radio communications. Requirement 7 may be completed before or after attending camp.

Welding

More goes into welding than just sticking two pieces of metal together! In this session Scouts will learn about the different types of welding machines and weld types on a flux core, gas torch, and arc welding machines.

Trail to Eagle Area

Citizenship in the Nation

During this eagle required badge, Scouts will learn about the U.S. Constitution and the Bill of Rights, along with some of the unique history of the United States. Requirements 5, and 7 may be completed prior to or after arriving at camp.

Citizenship in the World

In this 1-hour course, Scouts will learn about diplomacy, international trade, and foreign relations. It is recommended that Scouts have already earned Citizenship in the Nation. Requirement 7 may be completed before or after arriving at camp.

Communication and Public Speaking

Here, Scouts will learn basic communication skills needed in today's society. As an added bonus, the Public Speaking Merit Badge will be taught in conjunction. Communication requirements 5, 7, and 8 may be completed before or after arriving at camp.

Personal Management

Scouts will learn about managing personal finances and planning for life. Requirements 1b-2, 1c-2, 2c, 2d, 8c, and 8d may completed before or after arriving at camp.

Trail to First Class

(First Year Camper Program)

The Trail to First Class (TFC) program is designed primarily for Scouts who are new to Scouting and are coming to camp for the **first time**. The purpose behind the program is to give new Scouts a jump start by teaching them the basic outdoor skills needed for their Scouting career. Such skills include camping, fire building, wood tools, knots, lashings, first aid, map and compass, and nature study.

Each Scout will receive credit for the rank advancement requirements that they complete at camp.

[Requirement information coming soon.]

\Diamond

For Our Older Scouts

Challenging Outdoor Personal Experience (COPE)

The Challenging Outdoor Personal Experience, or COPE program is a week-long high adventure activity for older Scouts that teaches advanced team-building and problem solving skills. Scouts will learn to work as a group and function as a team to meet a series of high and low COPE elements. Wehinahpay has one of the finest high ropes courses in any BSA summer camp. The goal of COPE is to build leadership, self-esteem, decision making, trust, and teamwork. This is accomplished by progressing, as a group, through a series of physically and mentally challenging exercises.

Program Registration

Class registration will open **May 13, 2024 at 12:00 PM MDT**, one month prior to the first week of summer camp. Come prepared with your dream schedule!

A Scout's balance must be paid in full to be eligible for class registration. Once paid, when class registration opens, parents and leaders will be able to register their Scout(s) in classes on Black Pug.

Some classes are hard capped for safety concerns (COPE/climbing and shooting sports in particular). If there are open slots after class registration closes, class changes can be made upon your arrival to camp.

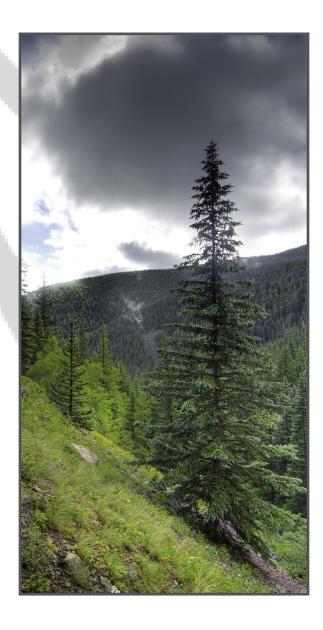

[Class Schedule Coming Soon]

Registering on Black Pug

Black Pug has a wonderful how-to video on their YouTube at the following link:

https://www.youtube.com/watch?v=Tat1XJ2UF-U&t=1s.

Additionally, information pertaining to accessing the parent portal so you can register on an individual basis can be found here: https://youtube.com/playlist?list=PLGp-1PFhlCejNQyNAiGJ1cMpff8_ZqRzR&si=zy5TdRPV62zBymSE.

Twilight Activities (Evening Program)

Many opportunities are available for activities in the evening prior to lights out. Some activities have been scheduled by camp staff and are open to all Scouts and Scouters. Other activities may be done on a unit basis and can be scheduled by the unit leader through the appropriate area director.

Open Ranges—The shooting sports staff will open the ranges to allow Scouts and Scouters to come shoot.

Open Fishing—Crystal Lake is open for Scouts and Scouters to fish in. Some staff supported fishing times are provided. All Scouts must have at least one adult leader from their unit present at the lake to fish outside of the merit badge class. The lake is closed from 8:30 PM—7:30 AM.

Climbing and More—When you walk through camp you can't help but notice the climbing tower and ropes course that looms over the valley. This will be an opportunity for you to experience it first-hand. Our climbing staff will training and guide you.

Totin' Chip—The Scoutcraft Area will be training Scouts who need their Totin' Chip the first two nights of evening program.

Leader Opportunities

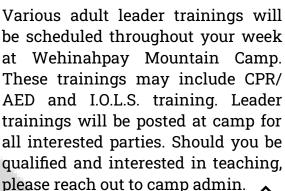

There is still plenty for adult leaders to do at Wehinahpay. We promise you won't be sitting in your campsite, unless of course, that is what you want to do! The following are leader opportunities that we have to offer at camp. Leadership trainings change from week to week based on the availability of instructors. Some of those courses may not be offered your particular week. If you are a district or council level trainer feel free to talk to the Program Director and teach a course.

Leader Cookoff

Showcase your cooking skills in our leaders' cookoff, which is open to any adult leader, not just Scoutmasters! Whether it is a pot of chili, cobbler, baked beans, jambalaya, or homemade bread, plan to participate in this event. There is a separate entrée and dessert category. After the judging, all leaders are invited to taste all the different entries. Participants must bring their own cooking supplies and ingredients. A fridge is available for food storage. NOTE: fire restrictions control this activity.

Trainings

COPE Again!

Adults will have the opportunity to participate in COPE activities if space remains after Scouts register.

Adult Service Opportunities

If you are a carpenter, plumber, electrician, or just a general handyman, your skills are always needed at camp. The camp ranger will be glad to suggest a list of projects to any interested leader. Please contact the Camp Ranger Brian Chambers well in advance of your arrival if you are interested in helping (brian.chambers@scouting.org).

The Mountainous Environment

Elevation

Wehinahpay is in a narrow canyon high in the Sacramento Mountains, about 8,500 feet above sea level. In addition, some trails in and around camp reach well above that. One of the downsides of our elevation is altitude sickness, especially from units traveling from much lower elevation. Make sure you and your Scouts

drink plenty of water and don't over-exert yourself as you acclimate.

Hydrating properly at least 72 hours prior to your trip and walking each day for a week beforehand will help both you and your Scouts be ready for our terrain.

Weather

Wehinahpay's temperatures can range from the upper 30s at night to the lower to mid-80s in the day. Make sure that your troop packs accordingly and be sure to review the weather forecasts for the area in the week leading up to your visit. Even if you have a warm sleeping bag, it's not a bad idea to bring an extra blanket just in case. Jackets that you can layer are essential for your comfort, especially on cooler days and during evening program. Both of which are usually available in the camp's trading post.

On rainy days, temperatures rarely reach higher than 70 degrees. Pack water-proof gear and bring a few extra underlayers just in case. Keep rain gear available upon your arrival to camp. Carry it with you during the day.

Wildlife

Wehinahpay Mountain Camp is a wilderness setting where it is common to encounter various forms of wildlife. Dangerous forms of wildlife at Wehinahpay could include bears, mountain lions, elk, or the Wowzer. While encounters with any of these forms of wildlife are extremely rare, you should be on the lookout. Bears typically stay out of campsites but food and other objects that may appeal to their sense of smell should be locked securely in the troop's trailer or in vehicles in the parking lot. No food or drinks, other than water, in the campsites.

Wehinahpay is largely void of biting insects e.g. mosquitos, ticks, and chiggers.

Medical Forms and Procedures

All Scouts and Scouters attending camp must have a physical examination before attending camp and must have the proper medical form completed. Scouting America requires an Annual Health and Medical Record for all Scouts and Scouters attending a Scouting event. This examination must be performed by a licensed health care provider-Physician (MD, DO), nurse practitioner, or physician assistant. These forms are available on our website, under the forms tab at https://www.scouting.org/health- and-safety/ahmr/. Please use the most current version of this form. Contact your district executive if you have any questions. Upon your arrival to camp the camp medic will go through the medical forms of your unit with the unit representative handling check-in and may require additional medical screening of unit members. The unit's medical forms will be kept on file with the camp's medic. They will be returned to the unit leader at the end of the week. Adult leaders and visitors who will be in camp less than 72 hours are not required to have a complete physical. However, a personal examination history (parts A and B) is required. Please make arrangements for a physical examination to be completed prior to arriving at camp. Any Scout or Scouter that does not have a completed health form, including the medical examination, may not remain on camp property.

Parts A, B, and C of the *Annual Health and Medical Record* must be completed before attending camp.

Alamogordo, NM has urgent cares for last minute checks, but WMC cannot confirm availability of these services.

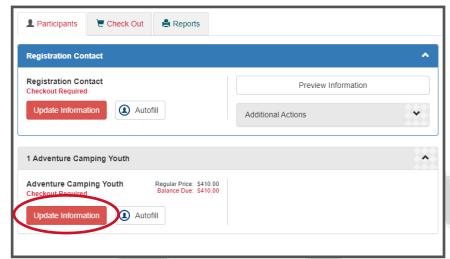

Required Medical Forms

All Scouts and leaders are required to have a physical examination before camp and complete the appropriate medical form. Do not bring original medical forms. Please bring <u>copies</u> in a 3-ring binder. This will be returned at check-out. Scouts and Scouters must have parts A, B, and C completed of the BSA's *Annual Health and Medical Record*.

Dietary Needs

Scouts and Scouters who have dietary needs should fill out the appropriate information on Black Pug in a timely manner to allow for our chef to give proper care to every individual who needs such things.

On Black Pug, navigate to the participants tab of your registration and click on the "Update Information" button for the participant you wish to list dietary needs for. Doing so will create a pop-up with several fields to fill out.

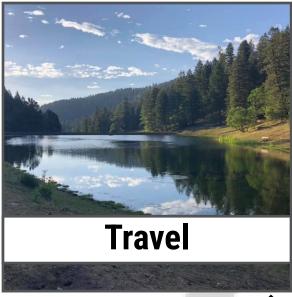

At the bottom of this pop-up, under health information, the "Dietary Restrictions" field may be filled out as necessary.

Should the dietary needs of an individual be serious enough to warrant the camper to bring their own food with them, there is a food storage area set aside for such things. Such situations should be brought up prior to your arrival to camp with the camp chef. To start these discussions, please contact the camp administration through Michael Beaumont (michael.beaumont@scouting.org)

Medications

Scouts and Scouters who need and have regular or emergency (e.g. inhaler or EpiPen) medications should follow the policies of their unit regarding possession of medication. Should medication require refrigeration, there is a fridge available in the Med Lodge, access to which should be discussed with the camp medic prior to and during check-in. For prescribed medications that are controlled substances, upon review from the camp medic it may need to remain in the Med Lodge during your stay. All medication should be properly secured by the unit, camp, or individual (for emergency medications) and in line with the policies of the BSA.

\Diamond

How to Get Here

Wehinahpay Mountain Camp is located deep in the Sacramento Mountains nested within the Lincoln National Forest. See The Trail to Wehinahpay under the Resource section for details about road travel.

Keep in mind, the closest gas station to camp is 30 minutes away in the small town of Weed. We recommend you stop off in a larger town on your way in. When traveling from the East from Roswell or Artesia, when traveling from the West, Alamogordo or Cloudcroft.

Food options from the East are severely limited after passing Artesia, Mayhill being the nearest with food options. From the West, Cloudcroft is your last chance to dine at a restaurant before heading into camp.

The closest Walmart is in Alamogordo, 1.5 hours away.

Need a Place to Stay on the Way?

The Conquistador Council owns Dowling Aquatics Base located in the heart of Carlsbad, NM. Many units find this to be a convenient overnight camping spot while traveling to Wehinahpay. Dowling Aquatics Base is approximately 20 minutes from Carlsbad Caverns National Park and 2.5 hours away from Wehinahpay, which makes it ideal for an overnight location.

The council also owns Camp Jim Murray in Hobbes, NM. Approximately 3 hours away from Wehinahpay, this too is an ideal spot for an overnight location.

For those units attending summer camp at WMC, there is no extra charge for overnight accommodation*. To reserve a spot, contact the council office at (575) 622-3461, or the Conquistador Office Manager Diann Conde at diann.conde@scouting.org. To reserve a spot, contact the council at least 45 days in advance of your attendance.

*Accommodations only include a place to stay, units deciding to use Dowling Aquatics Base or Camp Jim Murray's an overnight stay must provide their own lodging/tents and food. Space available is first come, first served.

Things to do Outside of Camp

Whether you want to have some fun to or from camp, or want to have a unit outing during Field Day on Wednesday, there's plenty to do and places to visit out of camp.

Carlsbad Caverns National Park

2.5hrs from WMC Located in the Chihuahuan Desert of Southern

New Mexico. It features more than 100 caves. The Natural Entrance is a path into the namesake of Carlsbad Cavern. Stalactites cling to the roof of the Big Room, a huge underground chamber in the cavern. Walnut Canyon Desert Loop is a drive with desert views. Rattlesnake Springs, a desert wetland, attracts reptiles and hundreds of bird species.

White Sands National Park

1.5hrs from WMC
Located in the
state of New
Mexico and completely surround-

ed by the White Sands Missile Range. The park covers 145,762 acres in the Tularosa Basin, including the southern 41% of a 275 square mile field of white sand dunes composed of gypsum crystals.

New Mexico Museum of Space History

1.5hrs from WMC
The museum is accredited by the American Alli-

ance of Museums (AAM), and stresses the significant role that New Mexico has played in the development of the U.S. Space Program through collecting, preserving, and interpreting significant artifacts relevant to the history of space.

White Sands Missile Range Museum

2hrs from WMC
At the museum
you can trace the
origins of Ameri-

ca's missile and space activity, find out how the atomic age began, and learn about the accomplishments of scientists like Dr. Wernher von Braun and Dr. Clyde Tombaugh at White Sands. Displays also include the prehistoric cultures and riproaring Old West found in southern New Mexico

International UFO Museum

2.25hrs from WMC Located in downtown Roswell the museum largely focuses on the

1947 Roswell Crash and later supposed UFO incidents in the United States and elsewhere.

Traveling in Camp

Visitor parking across from the Maddox Activity Center is for leaders and visitors, drivers will be parked upon their arrival. Visitors may not drive past this designated parking area. Those who wish to leave for town during the week must inform the parking crew prior to being parked, and organization is handled on a case-by-case basis.

Our ranger and check-in staff assist you in getting troop trailers and other gear to your campsite from the parking area. Single axle trailers might be able to go up into campsites pending decision from the camp ranger. No double axle trailers will go up in a campsite.

While in camp, please observe the posted speed limits of 15 and 5 milesper-hour (5mph around the lake and Maddox parking lot) for the safety of campers, our staff, the roads, the wildlife, and yourself. The main road is also used as a trail so be on the lookout for people and wildlife walking along the road.

Visitors and campers may not use the staff parking, located on the North side of the main road, next to the Maddox building.

Operating a personal UTV on camp property is prohibited. Please do not bring them to camp with you.

You and your Scouts are welcome to bring a bicycle to traverse the camp and get from place to place. You MUST adhere to the following:

- Follow the guidelines set out in the Guide to Safe Scouting
- All cyclists must wear a helmet at all times when riding their bicycle.
- All traffic laws, including speed limits, must be followed.
- Stick to the roads, traveling through campsites and cutting across the valley is prohibited.
- Locks or other methods of securing your bicycle cannot be destructive to the camp and the nature surrounding it.

It's up to everyone to keep the roads, and paths safe for all to enjoy.

WMC is a mountain camp and as such the terrain can be difficult to pass. Closed toed shoes are **required** for all activities in camp.

Please have them on upon your arrival to camp. Open toed shoes may only be used as shower shoes.

Camp is a place for fun and excitement, and the foundation of that experience is a safe camp. The following policies are set to give our Scouts the best experience possible.

Weapon and Knife Policy

Weapons-Firearms and Bows

Scouting America prohibits the carrying of firearms by Scouts and Scouters who are not law enforcement officers within their jurisdiction except those used in the program under the supervision of the shooting sports director.

The same policy is in effect for personal archery equipment not approved by the camp administration to be used as instructional material in the teaching of the camp's archery program under the direction of the archery instructor and the shooting sports director.

Camp Knife Policy

It is illegal in the state of New Mexico to carry a switchblade, gravity knife, or a balisong/butterfly knife. In addition, New Mexico also prohibits the concealed carry of the following: a dirk knife, poniard, or any type of dagger; a bowie knife; a butcher knife; and any weapon that can cause dangerous wounds.

Otherwise, in accordance with the BSA's policy on knives, there is no ban on fixed-blade knives, nor is there a limit on blade length. Also nothing that *The Scouts BSA Hand-book* contains the program for the safe and responsible use of knives. The BSA believes choosing the right equipment for the job at hand is the best answer to the question of what specific knife should be used.

With that in mind, it is up to the unit to determine what they allow their Scouts to carry to camp and it is at the discretion of the camp administration to deem a camper's choice and use of a knife as inappropriate for use on camp property.

Scouts must have a valid Totin' Chip on their person to use knives and other cutting instruments. Similarly, a Scout must have one present to purchase a knife in the camp's trading post. The Scoutcraft Area offers Totin' Chip training for evening program at the start of the week.

Smoking Policy

The use of tobacco, tobacco products or similar (e.g. dip, nicotine gum, or Zyn pouches), e-cigarettes, personal vaporizers, electronic nicotine delivery systems that simulate tobacco smoking, and similar products herein referred to as tobacco products is limited on the property of Wehinahpay Mountain Camp.

An important way adult leaders can model healthy living is by following the BSA's policies regarding tobacco use. Leaders should support the attitude that they, as well as youths are better off without tobacco in any form and to not use them at any BSA activity involving youth participants.

Use of tobacco products is limited to the confines of one's own personal vehicle and off of camp property in appropriate areas as designated by local businesses and city ordinances. Such activity may not take place around or near Scouts and Scouters under the age of 21.

Scouters cannot place tobacco product waste in the camp's trash receptacles and must dispose of any waste outside of camp in appropriate trash receptacles.

Violations of this, or any of Wehinahpay Mountain Camp's, or BSA's policies may result in an early departure. Let's all have a good time and enjoy summer camp safely.

Campfires

Sitting around a campfire, enjoying fellowship and the nature around you is a staple of the summer camp experience. At Wehinahpay, this is no exception.

The U.S. Forest Service and local county controls our fire restrictions. The active fire danger is posted on a sign on the parade field in front of the dining hall and is updated as needed along with announcements.

Campfires are only allowed in the designated fire pits within each campsite. Each campsite is also equipped with a fire water barrel, No. 10 cans to use for filling and emptying the barrel, and a fire flapper.

Please remember to follow safe fire building practices.

Ask the camp ranger for specifics about wood sourcing. Wood cannot be brought from out of state.

What Not to Bring to Camp

Firearms, ammunition, and bows, as previously mentioned, are not allowed in camp; only those supplied by the Shooting Sports Area are to be used.

As outlined in the Scouter Code of Conduct, Scouting activities are not a place to possess, distribute, transport, consume, or use any of the following items prohibited by law or in violation of any Scouting rules, regulations, and policies: alcoholic beverage or controlled substances, including marijuana.

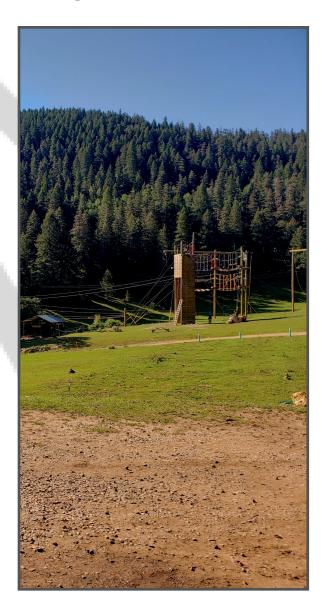

In addition **no pets** are allowed on camp property.

Fireworks are not allowed in camp. This is Scouting America policy.

Generators are not allowed as they are disruptive to other units. If electricity is needed for a CPAP accommodations can be organized to facilitate those needs.

Finally, we recommend that items such as MP3 players, electronic games, and other electronic devices

not be brought to camp. Summer camp is an outdoor experience, and these items are not appropriate to that experience.

What to Bring to Camp

Individual Checklist

- ♦ Scout Uniform
- ♦ Several pairs of socks
- ♦ Jacket
- Raincoat or poncho
- Extra undergarments and shirts
- Hiking and/or tennis shoes(CLOSED TOED SHOES REQ)
- ♦ Bath towel and soap
- Toothbrush and toothpaste
- Sleeping bag or sheets, blankets, and a pillow
- Flashlight and extra batteries
- Jeans or long pants
- ♦ Hat or cap
- ♦ Scouts BSA Handbook
- BSA Annual Health and Medical Record ("copy," filled out and signed. See the Health and Safety section of the leader's guide for more information)
- Spending money
- Sunscreen
- Water bottle
- Stationary/notebook and a pen or pencil
- ♦ Watch
- ♦ Chapstick

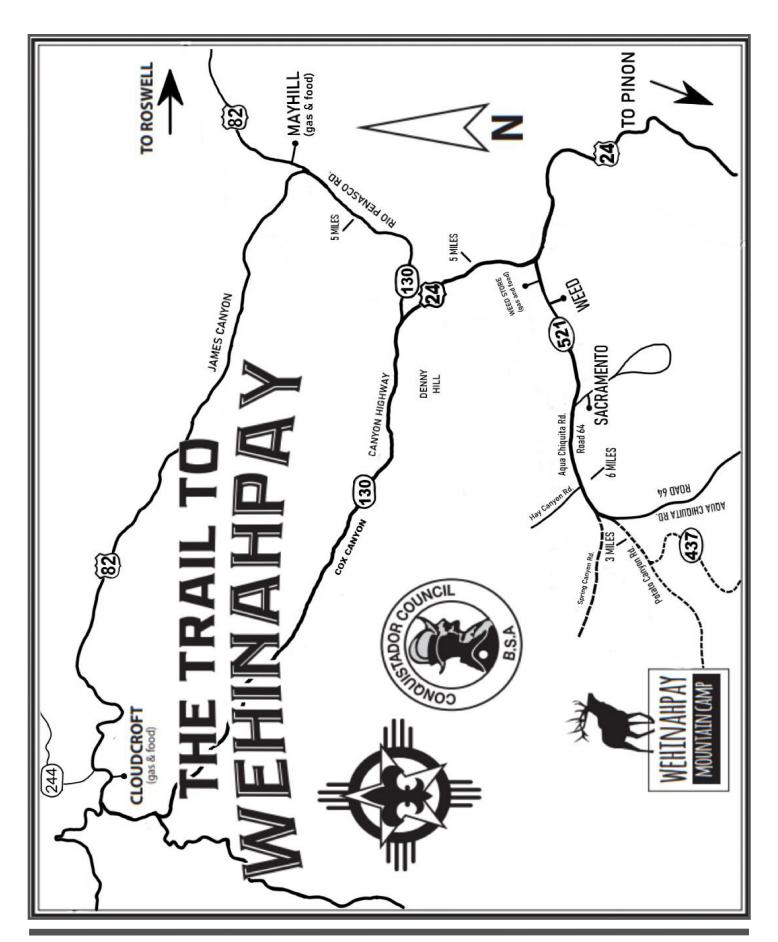

Optional

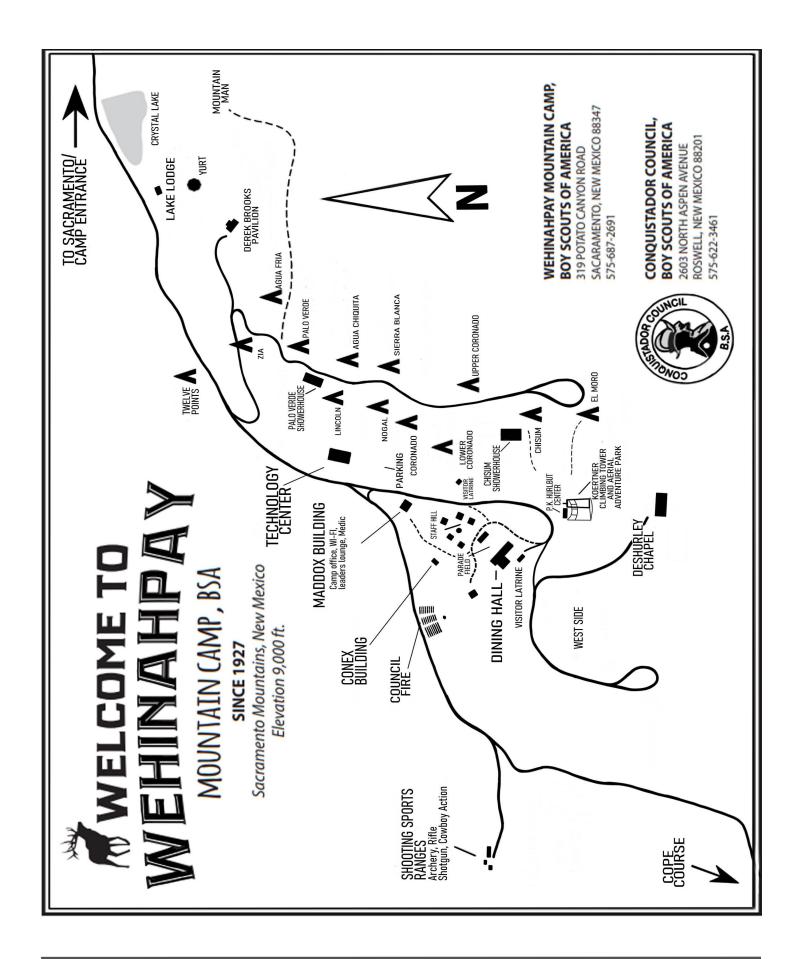

- ♦ Camera
- Pocket knife (see the Knife Policy section of the leader's guide for more information)
- ♦ Sunglasses
- Hammock + straps (required)
- > Camp chair
- Religious text, faith related items and head-garments

Troop Checklist

Completely optional, but possibly exciting things to bring and use at camp to elevate your experience.

- ♦ Troop flag
- > First Aid kits
- Patrol flags
- Troop gadget(s)
- State flag (may fly in campsite or if your unit signs up for a flag ceremony)
- Bow saws/hatchet/axe for firewood (see the Campfire section in the leader's guide for more information)
- ♦ Water cooler
- ♦ Rope

If at any point you or another member of your unit have questions regarding the content of this leader's guide, summer camp in general, or registration don't hesitate to reach out to the camp administration through Camp Director Michael Beaumont at michael.beaumont@scouting.org.

This is the first edition of the 2025 leader's guide and more is yet to come. Updates will be announced on social media and on the camp's website. Look for the date in the bottom left corner of pages.

Classes are still subject to change, so once merit badge registration opens up, be prepared for additions or changes as our program further develops. If something major is changed you will be notified additionally.

Be on the look out for check-in information to best prepare you and your Scouts for your arrival to Wehinahpay, it will contain key details regarding timeline and the check-in process.

The full camp schedule will also be posted separately.

Keep an eye out and we look forward to seeing you this summer out at Wehinahpay Mountain Camp!
