Welcome to Camp Durant

It is the mission of Camp Durant to provide Scouts with a safe outdoor program full of opportunities.

To practice the Scout Law and
Oath

To achieve personal goals

To encounter leadership and learning
experiences that enhance personal skills
and result in rank advancement

To experience the fun and
adventure only found outdoors

Our staff anticipates and expects your spirited participation in the Council Cub activities, adventure, and of course the FUN. It is our intent to provide the atmosphere and opportunity for the Cub Scouts in your Unit to build their basic Scouting skills while at the same time providing a selection of exciting activities. The Spookoree Volunteer Staff have chosen to govern this event by three simple rules: the Scout Oath, the Scout Law, and the Outdoor Code - including the principles of Leave no Trace.

A Scout is obedient. We are privileged to be able to use the facilities provided by our council, but in doing so, we must make sure we follow the principles of Leave No Trace Scouting!

We will also insist and work to ensure that all participants live within the Guidelines of Safe Scouting. All violations shall and will be dealt with swiftly by the staff and may result in or require the removal of an individual from the any Cub events

Remember, Cub Event staff consists of both adult and youth members; volunteers who have put in extra time to ensure we all have fun. Each of them is required to respect each participant and requires the respect of those same participants. They will be in leadership roles the entire weekend and will benefit from your help, patience, and guidance when required. Regardless of the situations that may arise, we are doing our best and would appreciate your unit's respect and cooperation.

Campsite Information

CAMPSITE AMENITIES

Every campsite is equipped with a shower house with three separate stalls that have flushing toilets and showers. Each campsite has an A & B shelter. Each shelter has been equipped with power and some are ADA accessible. Those with a CPAP should bring extension cords. All sites have a flag pole for ceremonies and fire rings for in site campfires. Please keep all fires in the provided ring.

Water will be available at the shower houses, but all units should remind their Scouts to NOT wash their dirty pots, pans, and plates to the shower house. Fill clean pots and bring them back into the campsite for cleaning.

Each unit should plan to place all of their garbage and trash in the dumpsters at camp. It is the responsibility of each unit to collect, contain, and deposit their trash in the dumpsters when the event is over. Bring trash bags as the trash cans may not be set up at each site. There will be some garbage cans available in camp, but these should all be emptied with the trash taken to the nearest dumpster.

EQUIPMENT

Each pack is required to provide all equipment needed to participate in the camping portion of the Spookoree. That includes all tents, stoves, cooking utensils, food, and other items you may need for your pack.

CAMPSITE FORMAT

Each unit will be assigned to a specific campsite. Depending on registration counts, units will need to share a site. If your campsite is not large enough or has another issue, contact the event Staff. Please do not just move to another area without consulting with the staff.

Vehicles will be allowed to park as close to the campsite as possible to unload in the designated unloading zone. Once unloaded, please move to designated parking areas. No parking is allowed inside the campsite. There will be limited parking near campsites. Overflow parking will be available at Sullivan, Grand Lodge, and Admin. Trailers may be dropped at the campsite.

Our intended campsite format is designed to get the most out of the space available. This means units will share a campsite and yet still give each unit a clear, defined area and will each be assigned a shelter. We encourage units to work together when planning campfires, flag ceremonies, interfaith worship, and tent or treating.

PARKING AND LOADING / UNLOADING EQUIPMENT

THERE WILL BE NO DRIVING OF VEHICLES ON THE ROADS DURING PROGRAM HOURS.

- Parking Passes must be placed on the dashboard of each car so they can be easily read.
- Parking rules will be strictly enforced. Remember, Unit campsites are for tent camping only!
- Parking will be available NEAR your campsite, along the camp road. Do not block the roads.
- Youth and Adults are required to carry their PERSONAL GEAR (in the confines of a pack or duffel bag) to and from their campsites. No motorized vehicles or other devices should be used to transport PERSONAL GEAR.
- Those vehicles carrying youth and personal gear can proceed to their campsite area after checking in to unload them, allowing them sufficient time to assemble their gear, and proceed to their campsite.
- No riding in open vehicles such as pick-ups unless in a normal seat and using seat belts.
- Loading vehicles to leave will be conducted in a like manner.
- There will be no driving in camp during activity hours (9am - 5pm)

The Camp Administration reserves the right to alter campsite assignments as needed.**

Each unit leader will be responsible for the safe transport of all participants in the event of a medical emergency. First Health Moore Regional Hospital is a close-by and fully equipped medical facility, should a medical emergency arise.

To ensure the safety of all participants, and in accordance with BSA Guidelines, each unit leader is responsible for having, in their possession, permission slips, medical releases, and medical histories of all participants from their unit. This includes BSA Health Form Parts A, B1 & b2. As well as a current roster of all participants (Scouts, Parents, and Siblings).

The Unit Leader or designated Adult will be responsible for the administration of medication for the Scouts in their Unit. Refrigeration is available in the Health Lodge for those medications that require refrigeration.

New Scouts working on Whittling requirements can bring an appropriate Scout knife if they plan to attend that activity as part of the event. Sheath knives or folding knives with large blades over 3 inches are not permitted. All firearms required for the shooting activities will be provided by camp.

Larger knives that are used for food preparation should be left in the pack cook site, properly cared for and put away. Always leave this size knife with the patrol cooking utensils. Each participant should be knowledgeable in the use of knives and axes and have in their possession proof of their proper knowledge and use of such equipment.
