

2024 Construction

Highway 34 – Osage to Park Rapids

Project Summary

The Minnesota Department of Transportation will be completing a reconstruction and shoulder widening project on Highway 34, from County Road 26/47 west of Osage to Western Avenue in Park Rapids. This project is scheduled for construction in 2024.

Key project elements

- Full depth pavement reclamation (reconstruction)
- Shoulder widening
- Culvert replacements
- Pedestrian ramps and shoulder improvements in Osage
- Snow fence installation

Project impacts

- Lane closures between County Road 47 and County Road 48 near Osage
- Road closed to thru-traffic from County Road 48 to Western Avenue, detour follows CR 48 and Hwy 71
- Daily lane closures for local traffic; restrictions at culvert sites

Cost Estimate

\$8.4 million
