### NOT SCUBA Certified?

You have options. Option #1: do SCUBA Merit Badge at Camp either the week of July 10<sup>th</sup> or July 17<sup>th</sup>. Not at camp those weeks. Option #2: Call Micks Scuba (218) 233-0448 and sign up for a class. We have confined water classes every 2<sup>nd</sup> weekend of every month. We conduct the open water part of the course 3 weekends a month June through September with a couple in May. I would recommend getting certified in 2022.....warmer water 😊

I highly recommend purchase or rental of a Dive Computer. A computer increases safety and bottom time. The use of a dive computer pays for itself with the increased bottom time compared to diving Tables.

Passports are required to travel to and from the Bahamas. Apply early. It can take over 6 weeks to get a passport depending on time of year, number of applications, and the usual government turbulence. It must be a standard passport. Passport cards are not accepted for travel to the Bahamas.

- Dive log – To keep track of your dives.
- Dive certification card
- Dive gear – personal gear required: mask, fins, and snorkel. If you don't have your own SCUBA gear, we have a rental line that includes buoyancy compensator, wetsuit, dive computer, regulator set and dive light.
