DINOSAUR
KLONDIKE
2026
BEAUMONT SCOUT
RESERVATION

Beaumont Scout Reservation, Scouting America

Gear up for an unforgettable winter expedition as Beaumont Scout Reservation transforms into a prehistoric wilderness for this year's Scouting America Klondike: DinoQuest Adventure! Patrols will journey back in time to an era when colossal dinosaurs roamed the earth and survival depended on teamwork, skill, and courage.

Scouts will navigate a rugged trail of themed challenge stations, from tracking "dino prints," to rescuing eggs from cunning predators, to mastering ancient survival skills inspired by the land before time. Each activity is designed to test Scout spirit, problem-solving, and cold-weather readiness, all while embracing the thrill of discovery.

Patrols will haul their sleds across the frozen terrain, earning points, patches, and prehistoric bragging rights. Along the way, Scouts will uncover clues, complete special dino-missions, and maybe even encounter a roaming T-rex or two!

Wrap up the day at the Frozen Fossil Auction, where awards are announced and everyone comes together to celebrate a day of adventures.

Join us as we thaw out winter with a roar!
