

## MAKING YOUR CARDBOARD SLED

Any size cardboard box or combination of boxes

Decorate, have fun use your imagination

Remember safety is number one consideration when making sled.

Please no protruding parts.

## **Must have a helmet when sledding**

Sleds will be inspected before race to ensure for safety and the Do's and Don'ts for the bottom of the sled are followed

## BOTTOM of SLED *DO's & DONT's:*

### **DONT'S**

NO runners on the bottom (non-cardboard)

NO plastic sheeting on the bottom

NO pvc piping

NO wood

### **DO'S**

Use Duct Tape or Gorilla Tape

Wax the bottom to make it go faster

Have Fun Creating & Building, make it sturdy to last and you may find you are using it for years
