

2026 FAMILY CAMP GROUP REGISTRATION POLICY

We once again will have our advanced Pack reservation system for 2026. We are fortunate to have several packs that want to bring 20, 30, or even 60+ people to experience Family Camp.

To help manage those larger groups, we are offering a way for those packs to register their headcount in advance and then complete the registration and paid in full before April 1, 2026.

This allows our larger packs to make sure they can get their weekend reserved in advance and ensures they have completed their reservation and paid in full by April 1, 2026.

How does it work?

Sign in and choose to register as a “Group Registration” and choose the number of people you expect to register in advance. (Minimum of 10, Maximum of 80, if space allows)

Complete the registration and pay \$20 per person reservation. When you complete the reservation and paid in full before April 1, that holding fee is deducted from your completed registration total.

For example, if you registered for 10 people, you would put a deposit of \$200 down. When you update (complete) the registration for those 10 folks before April 1, that \$200 is deducted from your total registration fee when paid in full.

What if I need to cancel someone from the reserved group?

For example, a Pack registered for 25 “Group” spots but only needed 22.

Before April 1: the three registration fees (\$60) will be deducted from your completed registration total.

After April 1: the three unused reservation fees (\$60) are non-refundable.

What if I need to add someone to the reserved group?

If open spots remain, you can edit your registration at any time. If there are no open spots, please contact the Camp Directors at ptac.betz.familycamp@gmail.com.
