

**Baden-Powell District  
Eagle Scout Leadership Service Project Evaluation Form**

**Background:** The Eagle Scout Service Project provides the opportunity for the Eagle candidate to demonstrate the leadership skills he has learned in Scouting. As a demonstration of leadership, the Scout must plan the work, organize the personnel needed, and direct the project to completion. The project idea must be approved before work is begun, and the board of review must determine the manner in which the project is carried out.

Scout's Name		Date	
Project Title		Troop Number	
Evaluator		Project Approved as Written	<input type="checkbox"/>
Evaluator		*See Page 2	<input type="checkbox"/>
Evaluator			

**This form must be included in Applicant's final Eagle Portfolio and Application**

**Project Documentation:** The project meets general guidelines and has approval by the unit and beneficiary.

*(Check if complies)*

<input type="checkbox"/>	This project was submitted using the current electronic version of the <i>Eagle Scout Leadership Service Project Workbook</i> available on the BSA website ( <i>Scouting.org</i> )
<input type="checkbox"/>	This project is truly valuable to the community and a challenge to the candidate.
<input type="checkbox"/>	This project does not involve council property or other BSA activity.
<input type="checkbox"/>	This project is not routine labor (a job or service normally rendered).
<input type="checkbox"/>	This project is not performed for a business or individual.
<input type="checkbox"/>	This project is not of a commercial nature, nor is it a fundraiser.
<input type="checkbox"/>	This project includes the unit leader's signature.
<input type="checkbox"/>	This project includes a unit committee member's signature.
<input type="checkbox"/>	This project includes the signature of the representative of the benefiting group.

**Project Description:** The project description should be at the executive summary level, providing a brief but clear summary of the overall project.

*(Check)*

<input type="checkbox"/>	The description is clear, concise, and understandable.
<input type="checkbox"/>	The description contains too little detail. See comments on page 2 and re-submit.
<input type="checkbox"/>	The description contains other information that is unnecessary here and should be deleted.

**Beneficiary:** The group or organization, which will benefit from the project, should be named, along with a description of how the project benefits individuals, groups, organizations, etc. and what long-term improvements or effects the project will have on the area.

**(Check)**

<input type="checkbox"/>	This section is clear, concise, and understandable.
<input type="checkbox"/>	The description contains too little detail. See comments below and re-submit.
<input type="checkbox"/>	The description contains other information that is unnecessary here and should be deleted.

**Planning Details:** This is the heart of the project plan. Does the plan include all details that someone else would need to carry out the project as if the candidate was not there to explain it?

Is this section adequate?	OK (Check)	Comments
1. Present condition	<input type="checkbox"/>
