CUB SCOUTS START YOUR ENGINES!!!!

We have an exciting week of activities planned around this year's theme - *Off to the Races!*

What makes a rocket fly? How can we make a Pinewood Derby Car go faster? Does a healthy lunch make a difference for an athlete running a race? Our STEM classes will answer questions that are theme related with fun activities to stimulate curiosity.

Games and crafts will be fun, exciting and fast paced. Your Cub Scout will not want to miss this!

Lunch and snacks will be provided each day. We do our best to accommodate special dietary needs. Please indicate on your registration if you need accommodation for food allergies.

Your outdoor experience is important to us, and we want you to have the best day camp experience possible. Pavilions for classrooms provide shade from the summer sun. Space will be made available for each pack to set up a pop-up shade spot for gathering and coordination of their attendees. The camp property has operational flush restrooms.

HEALTH & MEDICAL: Each Scout and adult attending must bring a completed BSA medical form to camp
