---

\*Agenda modified for Camporee. Subject to change

To complete the course, attending campfire and spending the night is required. Bring a tent and overnight gear.

Lunch preparation is part of the training and will be provided

This schedule is really, really tight. We will start right after morning flag on Saturday. Please bring what you need with you to flag.

Things to bring:

Please have appropriate clothing and footwear for the weather. We will be under cover most of the day but portions of the course are out in the open.

For your comfort, bring a camp chair, water bottle, Pen and paper/notebook for notes, pocketknife and your compass. (You could really impress the instructor if you come with your 10-Essentials).

Yours in Scouting,

Bob Arneson
