Intro to Wilderness First Aid - Do I really need Wilderness First Aid Training?

We may find ourselves in an emergency situation where help is delayed - on a day hike, 50 miler, or even in an urban setting - and basic First Aid training is not enough. We will discuss the difference between Wilderness First Aid and Urban First Aid; how to evaluate the time it will take for help to arrive, the difference in first aid needed when help will arrive within minutes versus when it may be hours or days away; how to evaluate types of injuries and what it will take to get home or to help, where to find resources in unexpected situations, and how to plan for communicating in emergencies when cell phones do not work. Find out if your first aid kit is ready for what you may encounter today or on your next trip.
