

CAMPOREE PATCH OPPORTUNITY

Juniata Valley Council Scouts,

For the 2024 Spring Camporee, the Alpha Beta Chapter of Alpha Phi Omega (APO) at Penn State is aiding Troop 66 in the program planning. APO is the world's largest co-ed service fraternity founded in 1925 by college scouters. They wanted to create brotherly bonds and perform acts of service using the Scout Oath and Law. Today, APO keeps strong ties with BSA, and the Penn State chapter is thrilled to assist with your camporee.

APO wants to encourage acts of service and citizenship, so we have issued this challenge. For each **PATROL** attending, please research and put together **ONE** slide (Google Slides or Power Point is acceptable) that displays the impact of an emergency response group in your community. This could be a first responder, a trauma center, utility company that repairs gas / electric lines, etc. Please include the following information:

- 1) At least one photo that represents what they do / who they are
- 2) Their name
- 3) How they help the community
- 4) When they were founded
- 5) How many people they serve
- 6) One way members of the community can help them
- 7) A fun fact about them
- 8) Your troop number and patrol name

Please email your slide to aposcoutingpsu@gmail.com by **March 30th**, and all members of your patrol who registered for the 2024 Spring Camporee will earn the APO camporee patch. Each submission will be displayed at the APO station during the camporee.

Happy Scouting!
