Overview

Join Lackawanna and Chief Guyasuta Districts for our 2026 Fall Camporee.

For Scouts BSA troops, this camporee will be a lot of fun and provide a great program with plenty of challenges as they learn and experience the history of the United States, from cooking, to games, to historic documents. This is also a great opportunity to invite an Arrow of Light den to camp alongside your troop. This can really help with recruiting!

For Arrow of Light Scouts, this is a great opportunity to meet Scouts from across our districts as you begin looking at troops to join. The entire program is fun and accessible for Arrows of Light. AoLs may attend with their den (following Cub Scout camping requirements), but we can also arrange the necessary supervision if individual AoLs are attending with a parent or dens cannot provide sufficient leadership.

Program

Scouts will have the opportunity to experience a variety of program stations related to the history of the United States, from learning about the documents that helped to establish our country, to cooking the way early settlers might have done, to exploring the technological innovations that made the United States what it is today. In each area, you will learn details about the activity and how it relates to the America 250 anniversary. Scouts will have the freedom to move between stations at their own pace (there will not be a schedule of station rotations). Scouts may revisit a station multiple times if they wish.
