Scouts BSA & Venturing

First Aid Meet

Leader's Guide

FRONTIER DISTRICT 2024 SCOUTS BSA & VENTURING FIRST AID MEET

DATE & TIME: April 8th, 2024, at 7:00 PM

REGISTRATION: Registration begins promptly at 6:30 PM, please arrive with enough time to organize yourselves and your equipment in your assigned location.

COST: \$10/Youth, \$0 for Adult Leaders

ONLINE REGISTRATION: Available through the Council Black Pug Event Registration system at:
<https://scoutingevent.com/528-FRFAM2024>

PLACE: Oley Valley High School Gymnasium, 17 Jefferson Street, Oley, PA 19547

PATROLS: Patrols must consist of no more than 8 registered BSA level Scouts. Each patrol must have a designated Patrol Leader. There can always be more than one patrol from a troop. The BSA Youth Protection Guidelines and Barriers to Abuse clearly state that, "Scouts BSA program integrity requires single gender units and single gender buddy pairs." Participation in council and district activities still requires units to adhere to these guidelines with the following exceptions:

For the district first aid meet, male and female Scouts BSA troops from the same chartered organization may join as a mixed gender troop if it will allow both troops to form a single patrol and participate. Each patrol in a mixed gender troop must have adequate two-deep adult leadership compliant with Youth Protection Guidelines, and Version 1.1 – November 8th, 2023 those leaders must always accompany the patrol throughout the event. Where possible, all female members of the unit should be in the same patrol

ATTIRE: Class B Uniforms

EQUIPMENT: Patrols will need to bring: one (1) Troop / Crew first aid kit, containing the recommended supplies according to the Scouts BSA Handbook, splints or object to make them, two (2) blankets / tarps and two (2) 6' staves for the construction and use of a stretcher if needed.

For the scenarios we will treat all supplies as sterile so there is no need to use sterile packaged supplies. All troops should bring a tarp or blanket for the victim to lay on. The initial covering will not count towards a barrier between him/her for treatment.

SETUP: Each patrol will be assigned an area that their scenarios will take place in. Judges will rotate not the patrol. Each scenario will be approximately 10 minutes in length. Time will be allotted to reset after each scenario.

ADULT LEADERS: Adult leaders are not to coach or give direction of treatment in anyway during scenarios. Adult leaders should sit along the sidelines and supervise. Interference will result in points loss and possible disqualification at the discretion of the assigned judges.

AWARDS: In addition to a participation patch and ribbon, awards will be given to the top five patrols. Upon completion of the last scenario scores will be tallied and the top performing patrols will receive recognition and awards.

SCORING: Each scenario will be supervised by a shared rotating judge. Judges will not be affiliated with the patrols they are scoring. All actions of patrols will be monitored. Not only what the scouts do but how will determine the scores. Victims will be rotated between scenarios as selected by their patrol leader. Scenarios will vary in difficulty and possible point values. During judging the victim should be treated like an actual injured person. Anyone going or calling for help will need to go to the designated area away from the treatment area. Judges will hand in each of their scoring sheets at the end of each scenario prior to rotating to their next area. Scores will not be given out until the end of the last scenario.

Scoring will include the following:

If the patrol sends someone to the 911 table and gives the appropriate information.

Following proper first aid procedure

Teamwork & Participation (each member of patrol contributing)
