Trek Program Badges

Backpacking, Exploration, Search & Rescue, and Signs, Signals, & Codes

Open Program drop-in merit badges: These badges do not have a set start time. Youth are encouraged to drop in at their own leisure and work on the requirements with counselors at their own pace.

Evening Program Badges: Each night we will have select merit badges that can be completed in 3 hours or less (minus any pre/post camp requirements). They are one evening a piece so that youth may take part in camp activities on the remaining evenings. More information on what night each badge will be held will be announced in the future.

Trek Program: We will be offering a bundle of badges centered around outdoor exploration. Scouts will earn multiple badges while exploring the local sections of the Appalachian Trail and spending an evening out on the trail. They will still have ample opportunity to take part in open and evening programs throughout the week, as well as be a part of the unit. We will have a finalized schedule soon.

Additional Programs: Please reference our schedule for additional program offerings. We are excited to be adding Night Swim, Adult Training, expanded morning offerings, and to be celebrating our 100th anniversary at Hawk Mountain Scout Reservation!
