2022
HAWK MOUNTAIN COUNCIL
FRONTIER DISTRICT

Dear Cubmaster & Committee Chair:

The 2022 Frontier District Pinewood Derby will continue a great tradition of Frontier District activities and your committee has been actively planning this year's event to make it a success. I wanted to get the District Pinewood Derby information into the hands of the leaders, so that it can be distributed to the Cub Scouts in your Packs, giving them the chance to plan to come to this event!

Please take time to read and share the attached Official Frontier District Pinewood Derby Rules and Regulations with your cubs and their parents. Register on-line at <https://scoutingevent.com/528-FrPWD2022> as the preferred registration method or send in paper registration forms by Wednesday, March 6th to get the early registration fee of \$9.00 per Cub Scout participant that is racing and pinewood derby car. **Registration by paper form will not be accepted after Friday, March 20th. Online registration will continue until 11:59 PM Thursday, March 28th. On-line registrations received after Thursday; March 28th will be subject to the late fee price of \$10.00 per scout.** The walk-in fee on the day of the event is \$11.00 Please provide the roster forms at the back of this guide along with your registration if using the less preferred method of paper form registration. All participating cubs will receive a patch and there will be trophies for the top 3 finishers.

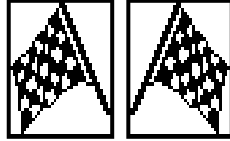

We are very excited to be able to host this year's event from the Boyertown Museum of Historic Vehicles! Admission to the museum is built into the cost of attending for participating scouts. Adults in Field Uniform (aka Class A) have free admission to the museum for the event. Non-uniformed adult partners have half-off admission at \$5 (or \$4.50 for senior citizens & AAA members) and siblings under age 15 are free with the purchase of an adult admission.

We would like to invite a representative from your Pack to join the District Activities Committee to help in the planning and carrying out of this and future district activities. The District Activities Committee is present at the District Roundtable meetings, and it would be great to see you there.

Finally, don't be afraid to ask questions prior to the derby. Please feel free to contact either District Executive Charles Andrews at (610) 926-3406 x1233 (Council Service Center) about administrative questions or me at (484) 333-5376 or at philipboyercontracting@windstream.net.

Yours in Scouting,

Phil Boyer

Frontier District Pinewood Derby

OFFICIAL PINEWOOD DERBY RULES

Please read these Rules and Instructions before building your car.

Cars should be built by the Cub Scouts with some adult guidance. Any technical assistance should be fully explained to the Cub Scouts so that they can use that knowledge on future projects.

CAR SPECIFICATIONS:

- Width: 2-3/4"
- Length: 7"
- Weight: Not over 5 ounces
- Width between wheels: 1-3/4"
- Maximum height shall not exceed 3-1/2"
- Bottom clearance between car and track is 3/8".
- The wheelbase length of 4-3/8".

RULES

Eligibility of Contestants and Cars

- Cars in the District Pinewood Derby must have been made for this race season. Scouts may not use a car made for a previous year's race.
- Lions, Tigers, Wolves, Bears, Webelos I's, and Webelos II's will race together.

Length, Width & Clearance

- Maximum overall width (including wheels and axles) shall not exceed 2-3/4"
- Minimum width between wheels shall be 1-3/4" so car will clear the center guide strip.
- Minimum clearance between the bottom of the car and track shall be 3/8" so the car will clear the center guide strip.
- Maximum length (including wheels) shall not exceed 7".
- Maximum height shall not exceed 3-1/2".
- Since the starting pins are round, the minimum width of the front of the car is 1/2 inch.
- The front end may be no more than 1/4 inch above the axle line.

- The wheelbase length (distance between the front and rear axles, center to center) may not be changed from the kit body distance of 4-3/8".

Wheels and axles

- Only the wheels and axles that are official BSA (Boy Scouts of America) may be used. This includes the colored BSA wheels.
- Axles must not be connected to any device that mechanically alters rotation and spin, such as bearings, bushings, etc.
- The car may not ride on any type of springs.
- Axles may be lightly filed, sanded and polished. This light filing, sanding and polishing is the only axle modification allowed.
- The nail heads, from the axles, must be in full view.
- Wheels may be lightly sanded and polished. This light sanding and polishing are the only wheel modification allowed. No honing or cutting of wheels is allowed.
- BSA markings and side tread must remain and may not be altered.

Weight and Appearance

- Weight shall not exceed 5 ounces. The readings of the Official Race Scale will be considered final.
- The car body may be carved, sculpted, and/or sanded in order to enhance performance and/or appearance.
- No loose materials of any kind are permitted on or inside the car.
- Additional materials may be added to the car for the following purposes only:
 - Weights may be added to increase the weight and/or alter the weight distribution of a car.
 - Paints/decals/decorations may be added to alter the appearance and/or aerodynamics of a car.
 - Glue may be used to adhere the axles to the car body.
 - Wood putty, or a similar wood-like substance, may be used to fill or repair minor damage to a car.

Lubrication

- Only dry lubricants (i.e. - graphite, teflon, etc.) are allowed.
- A car may be lubricated before inspection and should be done outside the race hall. This is the last time when lubrication is permissible before racing. Specifically, cars may not be lubricated while competing in a set of heats.

Ground Rules

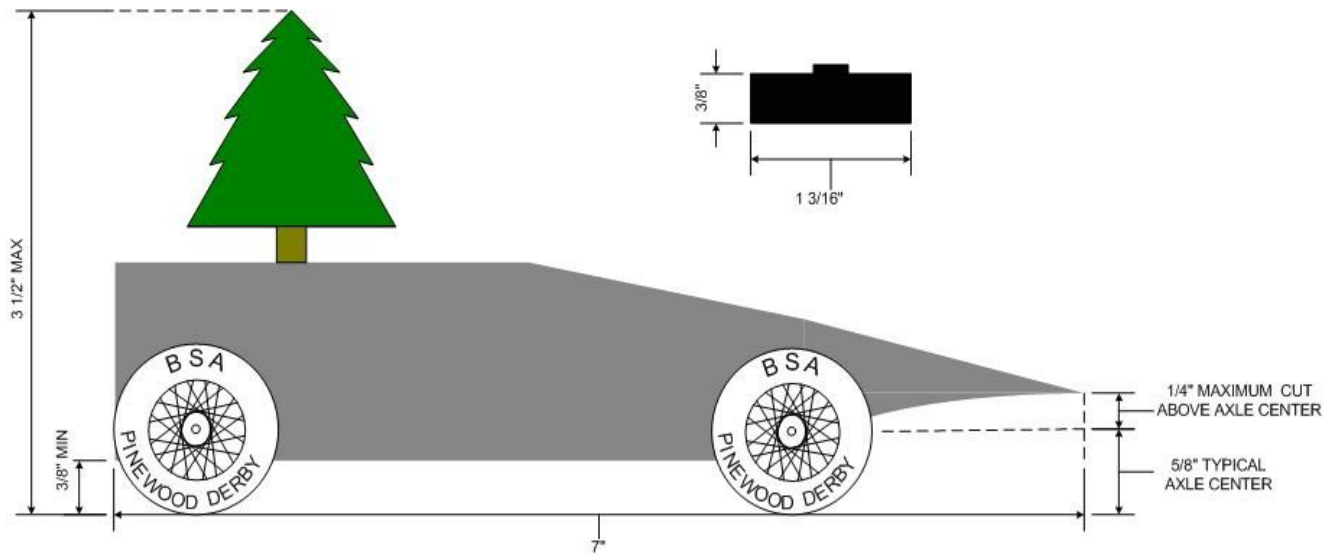

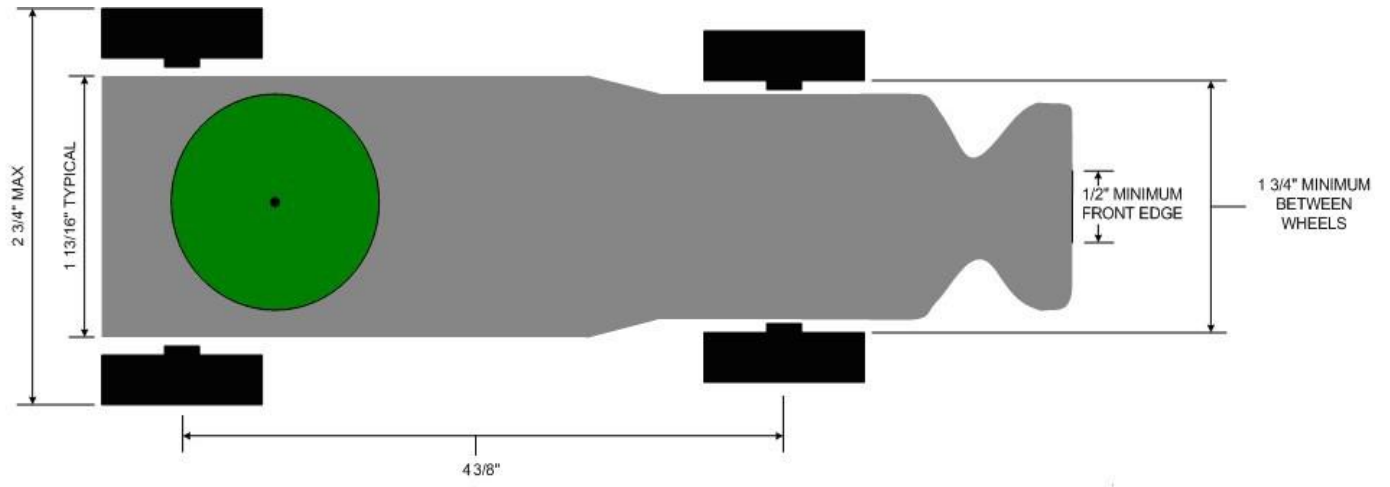

- If a car jumps off the track, the heat will be run again. If the same car jumps off the track a second time, it will automatically lose the heat.
- If a car leaves its lane and interferes with another car, the heat will be run again. If the same car leaves its lane a second time and interferes with another car, the heat will be run again without the interfering car. The interfering car will automatically lose the heat.
- If a car suffers a mechanical problem and a repair can be accomplished within 5 minutes, the heat will be run again. If not, the car will automatically lose the heat.

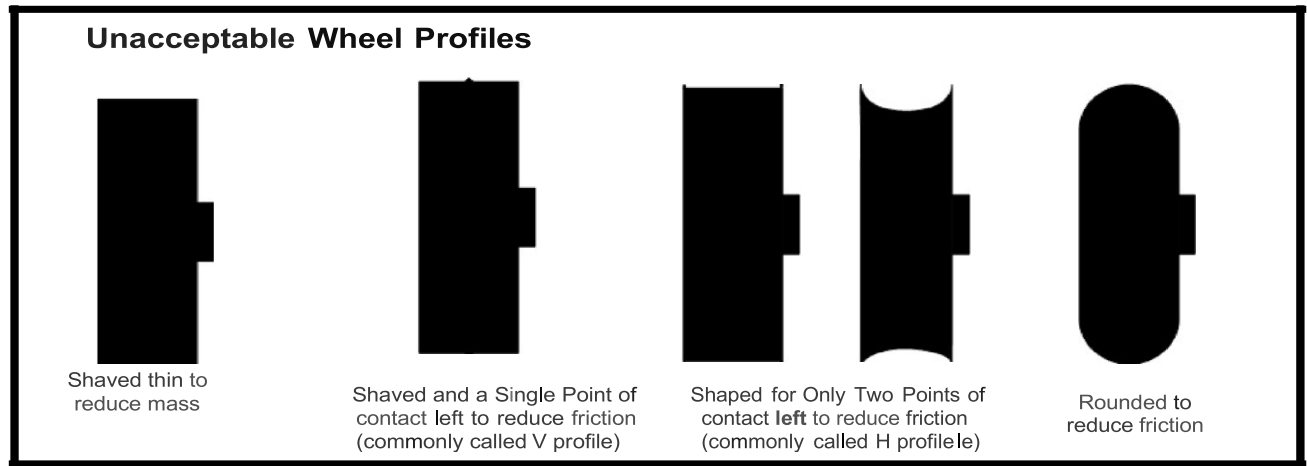

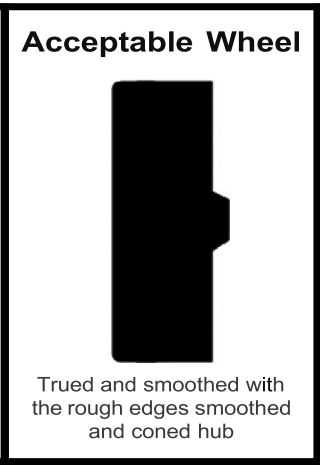

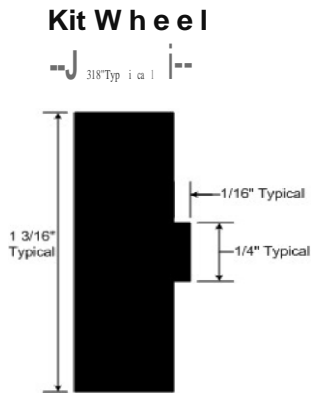

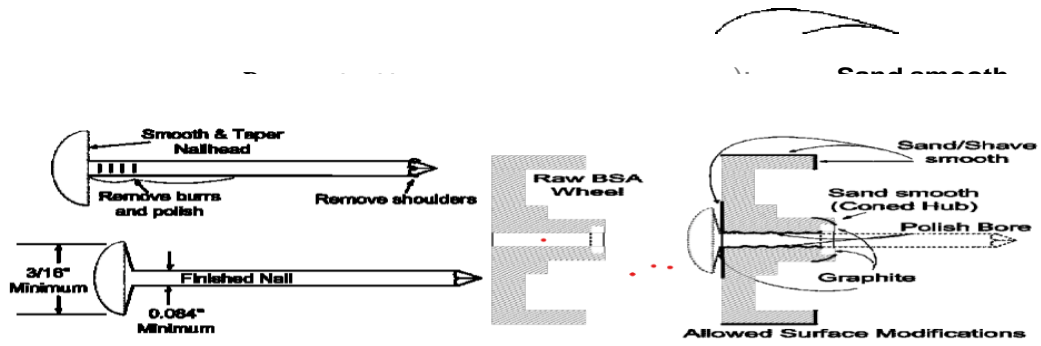

- If a car becomes damaged, a parent or guardian will be allowed into the pit area to make repairs. Once a car has been repaired, it will be re-inspected and re-weighed.
- No participants or parents or guardians will be allowed into the racing pit area. Once a car has been inspected and weighed, participants will not have access to the car again until the car has finished racing and is returned to the participant.

Inspections and Disputes

- Each car must pass inspection by the Official Inspection Team before it may compete.
- The Inspection Team has the right to disqualify those cars, which do not meet the rules. Car owners will be informed of the violations and given an opportunity to modify the car to meet these rules.
- Un-Scout-like or unsportsmanlike conduct by any participant or member of the audience will be grounds for expulsion from the competition and/or race area.
