PROOF

Please Read Carefully Before Reviewing Proof

This proof is submitted for careful review and inspection for logo artwork, spelling, dates, ruling placement, color and text.

Check the entire design, not just areas needing changed. This will become our copy from which to print. Kindly make note via e-mail or fax of errors, if any, that exist. Corrections will be made at no charge and another proof sent if requested. Changes that are made from the original copy given to the printer will be charged as author's alterations and a fee will be charged accordingly for time and materials.

We, the printer, regret any errors that occur through production undetected, but cannot be held responsible if work is printed per customer's proof approval, or if changes are communicated verbally.
