11:00am Check-out

Welcome to Camp Norse!

We are excited that you have decided to join us for this weekend's Family Camp Program! On this sheet, you'll find the schedule and some general information about camp. Still have more questions? Ask our wonderful staff members! We are more than happy to answer any questions and address any concerns to ensure that you and your family have a great experience at Camp Norse.

Whenever you arrive or depart camp, please be sure to **stop at the Admin Building**, located directly next to the parking lot. It is important for the safety of all of camp for us to know who is coming and going. Similarly, it is important to also **wear the wristband** given to you at check-in during your **entire stay at camp** as it lets the staff know who has checked in and is supposed to be here at camp. **There will be someone in the office from 7am-11pm.**

While you can drive your car to your campsite, please be sure to **park it for the duration of your stay in the parking lot.**

In the event of an emergency, a siren will sound throughout camp - trust us, it's hard to miss - and the camp will **gather at the parade field** as quickly and safely as possible. If it's a **weather related emergency** - again, trust us, you'll know if it's a weather emergency - the camp will **gather in the Dining Hall**. Regardless, the staff will be in constant communication and will direct you to the safest place for you at that moment.

Unless otherwise directed, **camp still runs as scheduled in the rain** "liquid sunshine". Enjoy it! The staff will direct you to proper shelter if it is decided that there is more than lovely liquid sunshine.

Lastly, please be sure to **wear plenty of sunscreen and bug spray, and drink lots of water.** It can get pretty warm here at Camp Norse so **it's important that everyone - including the staff! - drinks lots and lots of water!** The staff will encourage you to drink water throughout the day, and feel free to encourage them to do the same! **There will be ways to fill water bottles all across camp.** Need help finding the nearest clean water source? Ask a staff member and they will direct you!

Want to participate in the Campfire Program? Talk to Kevin!
