I. General Information

A. What is a Klondike Derby?

A Klondike derby is a one-day competitive event which uses sledges and Klondike Gold Rush themes to complete a multiple “Town” course and sledge race, pitting each team’s skills and teamwork against the clock. The purposes of the derby are: first a Grand Outdoor Winter Adventure full of fun and surprises, and second, a way for Scouts to test their basic Camping and Survival Skills.

Only in case of extreme bad weather will the derby be postponed or cancelled.

Each Webelos Den/Scouts BSA/Venturing Crew/Sea Scout Ship and Explorer Post is encouraged to enter as many expedition teams as they can support. The minimum team size is 4 Scouts; smaller teams will be combined so that all may participate. The maximum team size is 8 Scouts.

Each expedition will visit several “Towns”. Each of these towns will have a Mayor and a minimum of two judges. The Mayor of the town can be identified by their orange “Mayor” stocking hat. The Scouts will have a task to complete and will be scored on proper technique, teamwork, and Scout spirit.

The Mayor’s word on all matters is final.

The Patrol Leader is the only member of the team that may communicate with the Mayor or Judges of the town.

THIS EVENT IS FOR SCOUTS ONLY

Any UNIT who would like to attend but doesn’t have enough youth to complete a minimum on a sledge to run, can proceed to Dawson City (Welcome Center) and they will be combined onto another sledge.

ADULTS CAN NOT ASSIST THE PATROLS AND WILL NOT BE ALLOWED IN THE TOWNS. A MAYOR OF A TOWN WILL BE ALLOWED TO DEDUCT (25) NUGGETS AS A PENALTY IF HE/SHE SEES ADULTS INTERFERING.

Have your Scouts refrain from bringing cell phones or other electronic devices to the Klondike Derby.

KLONDIKE PARKING

PARKING STAFF ATTENDANTS **WILL DIRECT ALL VEHICLES** UPON ARRIVAL TO DROP-OFF AREA AND PARKING AREAS. UNITS WITH TRAILERS WILL ALSO BE DIRECTED WHERE TO PARK. TO ENSURE THE SAFETY OF ALL OF OUR GUESTS, PLEASE CHECK WITH ATTENDANT BEFORE PARKING YOUR VEHICLE OR TRAILER.

Mayors

Must check in with the Governor at Dawson City (Welcome Center) before going to your town in order to collect clipboard and any updates or changes to the Klondike.

All stations “except Check-In”, must be manned by 7:15AM.

B. Inspection and Check-in Procedures

Each patrol will begin with a sledge inspection and Check-in at The Outfitters (Area in Front of Welcome Center) beginning at 6:45 AM until 8:30 AM.

All sledges will be checked to ensure all equipment is present. The team will also be checked for proper dress for the day’s activities and the current expected weather conditions.

If the Klondike committee feels a Scout is not dressed properly for the conditions, they will not be allowed to compete. In this case a team will be allowed to compete with three members.

EACH SCOUT MUST HAVE IN A BACKPACK:

- a. A BAGGED LUNCH, WATER BOTTLE AND SNACKS for the day.
- b. A stocking hat or hat with ear protection. (*Baseball cap style hats will be allowed if the temperature is above freezing*).

Only the Patrol Leader is allowed to enter and register their patrol. The Patrol Leader will hand in their Check-in and Registration sheets, be sure you have your registration form written out with your Service Area in the appropriate place. Teams whose average age is 14 or more will compete in the Senior Division. Teams with an average age of 13.9 or younger will compete in the Scout Division.

Each Patrol Leader will be issued a score sheet with their division listed and any last-minute instructions, an official map, scavenger hunt paper and bag. If your team makes no effort to do the compass course or the scavenger hunt, you will be given a zero for those events.

By participating in the Compass Course and the Scavenger Hunt, the points awarded from these events can make a difference in the final scoring.

After Check-in, each patrol will proceed to the Ball Field (In front of the Dining Hall) and wait for their assigned starting time. after 8am, the starter will send off patrols into the vast tundra in search of Klondike Gold. A current map will be issued at registration. NO TEAMS TO BEGIN BEFORE 8AM.

There will be a ***CLAIM ROBBER*** in the midst of the Klondike Sledges asking participants questions throughout the event. Correct answers receive *GOLD*, Incorrect answers will lose *GOLD*.

Upon the completion of the last town of the day, the patrol leader and a buddy must report to the official scoring station at Valley Forge (The Dining Hall) with their score sheet and nugget pouch. All scores will be tabulated, checked and announced through email a few days following the derby.

JAPANESE SQUARE LASHINGS:

Comments — The Japanese Square Lashings are a group of similar lashings that are all tied in a similar manner. The main difference is in the way each lashing is started.

The simplest and easiest form of the Japanese square lashing is tied by looping the center of the rope around the vertical spar and carrying the strands parallel to each other while taking the wrapping turns. The frapping turns are taken by separating the ends of the rope and taking them in opposite directions.

The Mark II Japanese Square Lashing is tied by looping the center of the rope of the upright spar and then forming the wrapping turns by taking the ends of the rope in opposite directions.

The Mark III is the same as the Mark II but a clove hitch is tied around the up right spar when starting the lashing.

The Mark III is the most secure of the three Japanese square lashings because the clove hitch helps to prevent the lashing from shifting along the vertical spar.

Narration ----(For Japanese square lash knot-board) (1) Start the lashing by looping the center of the rope around the vertical spar so that the loops under the horizontal spar. (2) Start the wrapping turns by leading the ends around the spars so that the two strands of the rope are parallel to each other. (3) When making the wrapping turns the two strands of the rope are lead around the spars at 90° to the spars; do not allow the strand to cross, be sure to keep the strands parallel. (4) Complete the wrapping turns by leading the rope strand around the vertical pole. (5) Start the frapping turns by separating the strands so that one strand is above the horizontal spar and the other strand is below the horizontal spar. (6) Lead the frapping strands in opposite directions. (7) Make two complete frapping turns; pull each turn tight as it is made; tie the first half knot of the ending square knot. (8) Tie the second half knot of the square knot to complete the lashing. (9) For safety add half hitches. The half hitches prevent the square knot from upsetting.

2. lead parallel

3. wrapping turn

4. end wrapping

5. start frapping separate ends

6. opposite directions

7. pull tight end with square knot

Narration ---(For Japanese square lash, mark II knotboard.) (1) Start the lashing by tying the center of the rope around the vertical spar with a clove hitch so that the clove hitch is under the horizontal spar. (2) Make the first wrapping turn by leading the ends up over the front of the horizontal spar and then in opposite directions behind the vertical spar. (3) Pull the strands tight but do not allow them to cross each other. (4) Add the second wrapping turn by leading the ends of the rope down over the front of the horizontal spar and then in opposite directions behind the vertical spar. (5) Complete the frapping turns by leading the ends of the rope up over the front of the horizontal spar and then in opposite directions behind the vertical spar. Position the strands of rope for starting the frapping turns by leading them behind the horizontal spar. [NOTE] When pulled tight the strands will cross behind the vertical spar.

(6) Lead the frapping strands in opposite directions below and in front of the vertical spar and then behind the horizontal spar. (7) Make the second frapping turn by leading the ends above and in front of the vertical spar and then behind the horizontal spar; pull each turn tight as it is made. (8) End the second frapping turn by tying the first half knot of the ending square knot. (9) Complete the ending square knot by adding a second half knot. (10) Pull the square knot tight [NOTE] For safety add half hitches around the horizontal spar to either side of the square knot. The half hitches prevent the square knot from upsetting.

9b. 22 Rifle Competition –

****Scout/Senior/Venturing/Ships/Explorer Posts ****

Task: Your patrol has just entered a rifle competition for bragging rights in the Yukon Territory. Using a 22 caliber for ****Scout/Senior/Venturing/Ships/Explorer Post Division**** (BB guns for **WEBELOS**) each Scout will be given 5 shots at targets. Each target score will be added together and then divided by the number of shooters to arrive at an average score. WEBELOS will use BB Guns. Your sledge will have a total of 2 ½ minutes to make all 5 shots.

THERE IS A ZERO TOLERANCE POLICY FOR HORSEPLAY OF ANY KIND ON THE RANGE. ANYONE CAUGHT WILL BE ASKED TO LEAVE THE RANGE.

If a person is asked to leave, their score will not count, and the total number of shooters will not change.

Scoring:

1.	Score 1 - 10	1 nugget
2.	Score 11 - 20	2 nuggets
3.	Score 21 or higher	3 nuggets

10. Sourdough - Knot Knowledge—All Divisions
