program fee. Refund requests must be received no later than Tuesday, November 11. Cancellation and refunds will be handled on a case-by-case basis.

This is a rain-or-shine event. Refunds will not be issued for inclement weather.

Example circumstances under which refunds will be granted are listed below. Other requests may be honored with explanation.

- Illness of the scout preventing attendance, with documentation (ex: doctor's note or positive COVID/flu test result).
- Illness or death in the scout's immediate family prevents their attendance.

Supervision

Each unit is responsible for providing its own leadership, in accordance with Scouting America's policies. This means two-deep leadership for each unit, a registered female adult (21+) for each unit bringing a female scout, and at least one BALOO trained leader per pack and one IOLS trained leader per troop/crew/ship. In exceptional circumstances, and upon request, the camp coordinator may assist with combining smaller units to enable adequate leadership coverage.

What to Bring to Camp

Each unit is responsible for bringing their unit's gear, including a first aid kit, containers for potable water (water is available onsite), and kitchen/cooking gear.

Each camper is responsible for bringing their own personal gear. This event will be held RAIN or SHINE, regardless of temperature...so please BE PREPARED!

What you bring to camp is what will keep you comfortable. You need enough changes of clothing to keep you clean, layers to keep you warm, and rain gear to keep you dry.

Check In Procedures

Parents and/or Units should plan to arrive during registration times. The Camp Gate will not open early. Our staff needs time to make sure everything is ready to go for an exciting event.

Check-In Time – Friday November 6, 2026 – 5:00 – 7:00 pm

Upon arrival at Camp Ho Non Wah, you will need to check in at the porch of the camp office next to the parking lot. Finalized schedules and campsite assignments will be given out during registration. BSA Health and Medical Records will need to be presented at check-in. **Please ensure ALL campers (youth, adult leaders and Webelos/AOL parents) complete these forms prior to coming to camp.**

Late check-ins must be arranged in advance with the Camp Coordinator.

Campsites

There is no electricity at any of our sites. If you require electricity for a c-pap machine or other medical device, please plan accordingly and bring a battery-operated unit. Let the Camp Coordinator know of other special circumstances that may affect campsite assignments.

Health Lodge

The camp provides a trained medical officer on the premises and a physician on call 24 hours a day for emergencies. Please note that the adult leaders should provide basic first aid (band aids, mole skin, etc.) to campers, using supplies in their unit's first aid kit.

Arrangements are made with St. Francis Hospital to treat emergency patients from camp. Transportation to St. Francis Hospital will be made on an emergency basis by Charleston County EMS. For injuries of a non-emergency nature, transportation should be provided by one of the unit leaders to St. Francis as determined by the medic.

Emergency Procedures

Written procedures are established for fires, lost scouts, lost bathers and severe storms or other emergencies. The red bell on our parade field is our emergency signal and will only be sounded in the event of an emergency. Scouts, leaders, and parents need to report to the flag pole when the Emergency Activation System is activated. Our staff will monitor the weather and will do everything possible to continue program. The event coordinator or Scouting professional should be notified immediately of all emergencies that occur while at camp.

Directions to Camp

From east of the Cooper River, take US 17 South to State Hwy 171/Folly Road. In one mile, turn right onto SC-700W (Maybank Highway). Continue on Maybank Hwy for 17 miles. Once you pass the elementary school on your left, you will have one more curve before turning left onto Boy Scout Road. Continue on Boy Scout Road for about .9 miles, then turn right at the Camp Ho Non Wah sign and continue to the parking lot.

Transportation

Webelos Woods is set up like Scouts BSA events. Each unit is responsible for the safe transportation of its members to and from camp and to make sure that all vehicles meet national insurance standards. Please remember that transporting scouts or adults in the bed of an open pick-up truck or trailer – whether covered or uncovered – is against the policy of Scouting America. Other policies and procedures are covered in the BSA's online [Drive Safely](#) course.

Parking

Upon arrival to camp, immediately park all vehicles in the main camp parking lot. Do not block the road. This road serves as a vital artery for camp logistics and two-way through passage must be always maintained. No exceptions.

To help facilitate the hauling of personal gear to your site you may want to bring a wagon.

Trailers may be dropped off at campsites during the check-in period. Vehicles dropping trailers must be returned to the parking lot immediately. Vehicles picking up trailers may enter camp early Sunday morning. **No other vehicles are permitted in camp at any time.** The speed limit in camp is 5 MPH.

Tips for Campers

The following are some tips that will help you while participating in a Webelos Woods Camping Program.

- Be courteous to your other campers – do not cut through other campsites.
- Practice setting up and taking down your tent before coming to camp.
- Bring only what you need to spend the weekend. You will need to hike-in and hike-out your gear. Some units find it easier to bring a small wagon to help transport gear to your campsite.
- Follow your schedule to ensure all groups can do each activity.
- Camp wildlife likes your snacks. Please do not feed them or leave food in your tent. By doing so you are sending an open invitation for wildlife to come visit you.

Meals

Meals will be prepared and served Troop style. Each unit will be responsible for providing nutritious meals for all the participants in their unit. Units must consider any food allergies that may need to be addressed. All units will be required to show appropriate cleaning and sanitation procedures are in place at all times.

Check Out Procedures

We ask that all participants leave camp no later than 10:00 am Sunday. This will enable our staff to complete the necessary clean-up and sanitation of camp.

Please practice Leave No Trace by cleaning your campsite before departing. After breaking down your campsite please carry any trash to our dumpster. When departing camp, please stop by the camp registration canopy and sign out.

Annual Health and Medical Record

BSA Annual Health and Medical Record (most recent printing) are required for all attendees (including cub scout, parent, sibling, and leaders) at Camping Events of Coastal Carolina Council. **Only Parts A & B are required for events lasting less than 72 hours.** Medical forms must be turned in at registration for the Medical Officer's review. Please have your unit's forms together in a folder or binder. Following the Medical Officer's review on Friday evening, each unit's forms will be returned to the unit leader and must be kept onsite by the unit leader. Copies of this [form](#) can be downloaded from the council website.

Insurance

All families and units must provide accident insurance for all persons attending this event. Individual insurance information should be included with the Medical Record forms. Scouting America Insurance applies after all other insurance has been utilized for participants injured at a Council Camping Event.

Medical expenses incurred by scouts, family members and leaders while in camp will be paid by the responsible party's insurance and then the unit's insurance. No fees will be billed to camp.

Medication

Medications may be kept with the unit leader and dispensed as prescribed. Only refrigerated and injectable medications must be stored with the medical officer. Scouts and adults should bring their epinephrine autoinjectors and asthma inhalers.
