

FORESTRY

MERIT BADGE DAYS IN 2023

Earn your Forestry merit badge in one day!

Join us at Harbison State Forest's Environmental Education Center to earn your Forestry merit badge in a fun, hands-on, educational workshop offered in 2023.

The forest is your classroom...

In working through the Forestry merit badge requirements, Scouts will explore the remarkable complexity of a forest and identify many species of trees and plants and the roles they play in a forest's life cycle. They will also discover some of the resources forests provide to humans and come to understand that people have a very large part to play in sustaining the health of forests.

Camping for troops
and Eagle Scout
projects available!

You'll prepare a field notebook, collect and identify forest trees, experience the principles of forest management first-hand and learn about forestry's many contributions to society and our way of life.

Please register at the Indian Waters Council webpage (indianwaters.org) then complete the pre-visit requirements worksheet that can be found at the SC Forestry Commission webpage (scfc.gov/education/other-programs/) before attending.

Workshop details

Date: May 20, 2023

Time: 9 a.m. - 2:30 p.m.
