

# SCOUT PIONEERING TRAINING SESSION

Baden-Powell said, "Pioneering is practical and character building: the two essential ingredients of any program material for Scouts."

Learn what it takes to develop or improve a successful pioneering program in your unit, district, or council. Attendees will be introduced to the most straightforward approaches to presenting pioneering skills, participate in building traditional pioneering structures, and enjoy fun-filled pioneering activities that invariably contribute to making Scout meetings and outings really fun with positive outcomes.
