

Leave No Trace Level 1 Instructor (D78) (ages 18+)

This is a 16-hour hands-on course to equip adults 18+ to teach the Leave No Trace principles by conducting Leave No Trace Awareness Workshops and Teaching skills classes and helping run Leave No Trace Level 1 courses. The course is for those who are committed to responsible use of our outdoor resources and want to share that passion with others.

The course is divided between classroom training and an overnight camping experience, during which participants will each teach one of the principles to the group. You will need camping gear for the overnight experience.

Each student can choose one of the principles, or if taken I may assign a principle to you. Please email your specific topic of choice. We may need to work on not overlapping the presentations.

You can find information to help with your presentation at <https://www.scouting.org/programs/scouts-bsa/troop-resources/leave-no-trace/teaching-leave-notrace/03background/>
