Planned Project

Cross ties have been put in the ground to divert water around the dining hall. We need your help to cut cross ties and relocate the scrap. If you would like to bring tools, we will need work gloves, chainsaws, and all the required equipment (hand, foot, leg, eye, face, hearing, and head protection – no loose clothing). Only those with BSA Chainsaw Safety Training will be permitted to run chainsaws, however if you are not running equipment we will still need your help! We prefer that no children attend but will consider older Scouts BSA members. If you have questions regarding the project, please contact Ranger Bear at (806) 420-4434.

Lunch will be provided; we hope to see you there!
