Buddy Circle Game	
Supplies	N/A Explain the Buddy System --- “The buddy system is when two Cub Scouts work together, share, and keep each other safe. The den leader decides how buddies are paired. If there is an odd number of Cub Scouts, you can have a buddy group of no more than three. Having a buddy is especially important when you are doing an activity outdoors, particularly near or on the water. When you have a buddy, you are not to let your buddy out of your sight.
