

POWDER HORN

ADVANCED LEADERSHIP TRAINING FOR YOUTH & ADULTS

THE COURSE

Powder Horn provides an initial introduction to a variety of different high-adventure activities and an introduction to working with consultants in delivering those programs. Powder Horn is a fun introduction to skills but does not train you to be an expert. Units will still need to find knowledgeable, trained, and certified individuals to provide a safe and exciting outdoor high-adventure program, but Powder Horn will show you how to do this. It will teach you the planning it takes and the questions you need to ask to make sure your next high-adventure outing is a tremendous success.

Powder Horn is best when youth and adults from the same unit attend together.

- Youth – 14+ (or 13 and has completed eighth grade and is a member of a Venturing crew)
- Adult – any adult registered in the BSA.

WHAT YOU WILL DO AND LEARN AT POWDER HORN

Participants will explore 14 different areas of high-adventure programs including:

- Astronomy
- Backpacking
- Canoe / Kayak
- SCUBA
- ATV
- Climbing
- Cycling
- Equestrian
- Fishing / Fly Fishing
- Orienteering
- Outdoor Ethics / Leave No Trace
- Shooting Sports
- Teambuilding
- Wilderness First Aid

THE RESULTS

Powder Horn will build on your interest in high-adventure activities by exposing you to a wide variety of high-adventure activities. It will also help you improve your unit's older Scout outdoor and high-adventure program.

Participants report that Powder Horn helped them

- Identify the resources needed for an outdoor or high-adventure unit-level program
- Identify and connect with knowledgeable, trained, and certified individuals to provide a safe and exciting outdoor high-adventure program
- Develop plans that maximize the fun of outdoor or high-adventure activities while minimizing risks.

Whether you are going on a weekend canoe trip with your unit or a week in the mountains, it takes planning and resources. Powder Horn is designed to introduce and expose youth and adult leaders to activities and resources necessary to manage a successful outdoor or high adventure unit-level program.

Powder Horn is an action-packed, hands-on, five-day course held over two weekends. The course is held at two different Circle Ten camps so participants learn more about the resources at each camp. Adult leaders as well as Scouts ages 14 and older are eligible and encouraged to attend. This program is designed to support units in Scouts BSA, Venturing and Sea Scouts. There are no restrictions on attending the course a second time.
