Archery

Archery is a fun way for Scouts to exercise minds as well as bodies, developing a steady hand, a good eye, and a disciplined mind. This merit badge can provide a thorough introduction to those who are new to the bow and arrow - but even for the experienced archer, earning the badge can help to increase the understanding and appreciation of archery.

Additional Fee: \$5.00

ATV Experience

We are pleased to feature a fleet of Polaris 4-Wheelers for the program offerings at Trevor Rees-Jones Scout Camp. This adventure is for Scouts 14 years or older. We will have two sessions per day and each session will last 2 hours. We can accommodate up to eight Scouts per session so space is very limited. There will be an additional \$50 charge to participate in the program which will be added to your invoice in CampMaster. During the course, the Scouts will complete an ATV rider course: introduction to ATV's. Scouts will get to see parts of camp that are unreachable by other means.

Additional Fee: \$75.00

Minimum Age: 14

Maximum number of participants: 6

Prerequisites: IMPORTANT NOTE: Long pants, a long sleeve shirt, and shoes that cover

the ankle must be worn while participating in the ATV program. There must be a leader on the first day of class to sign the waiver or their Scouts may not participate.

TRSC5

Class Session C TRJ 11:00-11:
50 AM

Backpacking, Hiking

Earning the Backpacking merit badge will be demanding but rewarding. Scouts will learn what equipment to carry on their backs and what knowledge to have in their heads. In addition, Scouts will discover how to protect the environment by traveling and camping without leaving a trace. By mastering the basics of backpacking, Scouts will develop an even deeper respect for the outdoors.

Hiking is a terrific way to keep your body and mind in top shape, both now and for a lifetime. Walking packs power into your legs and makes your heart and lungs healthy and strong. Exploring the outdoors challenges you with discoveries and new ideas. Your senses will improve as you use your eyes and ears to gather information along the way.

Maximum number of participants: 20

Prerequisites: Bring your pack and good hiking shoes or boots. Hikes every morning.

Basketry, Leatherwork

Basketry is a handy skill for a Scout. A basket can be a sturdy companion on campouts, carrying clothes snugly and efficiently, holding potatoes and corn for roasting over a campfire, or carrying the day's fishing catch back to camp for dinner. Baskets and basket-weaving projects also make great gifts for family and friends.

Scouts who complete the requirements to earn the Leatherwork merit badge will explore leather's history and its endless uses. They will learn to make a useful leather item using the same types of raw materials that our ancestors used; be challenged to master skills like hand-stitching, lacing, and braiding.; and learn how to preserve and protect leather items so they will last a lifetime and beyond.

Additional Fee: \$18.00

Prerequisites: Dual Merit Badge, includes cost of kits

TRSC7

Class Session A 09:00-09:50 AM

Bird Study

Birds are among the most fascinating creatures on Earth. Many are beautifully colored. Others are accomplished singers. Many of the most important discoveries about birds and how they live have been made by amateur birders. In pursuing this hobby, a Scout might someday make a valuable contribution to our understanding of the natural world.

Camping

Camping is one of the best-known methods of the Scouting movement. When he founded the Scouting movement in the early 1900s, Robert Baden-Powell encouraged every Scout to learn the art of living out-of-doors. He believed a young person able to take care of himself while camping would have the confidence to meet life's other challenges, too.

Chemistry, Nuclear Science

Chemistry explores how substances react with each other, how they change, how certain forces connect molecules, and how molecules are made are all parts of chemistry. Stretch your imagination to envision molecules that cannot be seen - but can be proven to exist - and you become a chemist.

Nuclear science gives us a simple explanation of the natural world. The ultimate goal of nuclear science is to find out if there is one fundamental rule that explains how matter and forces interact. Earning the Nuclear Science merit badge is a chance for Scouts to learn about this exciting field at the cutting edge of science today.

Clements Scout Ranch Cavalcade

Would you like to go out on the trail and camp out with your horse just as the cowboys of the old West? The Clements Scout Ranch Cavalcade offers Scouts a chance to taste that experience. After a day of next level grooming and riding instruction they will be off on an away camp via horseback. When there they will do western themed activities and ride the back trails of the 3000 plus acre property. Similar to a backcountry backpacking trek except that, instead of hiking, Cavalcade members ride horses through the lush pines and hardwood forests of East Texas as the cowboys who first explored the West.

Additional Fee: \$80.00

Minimum Age: 13

Prerequisites: Like Philmont Cavalcade riders in the Clements Scout Ranch Cavalcade must be a minimum of 14 YEARS OLD OR 13 YEARS OLD AND COMPLETED THE 8TH GRADE before coming to camp. Registration is limited to 6 riders each week. IT IS REQUIRED THAT EACH RIDER WEIGH NO MORE THAN 220 POUNDS. Furthermore, regardless of height and weight, all participants must be able to mount unassisted from the ground. PARTICIPANTS WHO FAIL TO MOUNT UNASSISTED FROM THE GROUND WILL NOT BE ALLOWED TO PARTICIPATE.

At the end of the Cavalcade you can earn the exclusive Clements Scout Ranch Gymkhana Patch!

Disabilities Awareness, Medicine

Look around at the Scouts in your unit, the members of your sports teams, and the kids in your class - you will see that each person has their own personalities, distinct interests and ideas, different physical features, and different strengths and needs.

The practice of medicine has a rich history that spans several centuries. Since the first use of plants and other items as simple medicines and balms, many men and women have contributed to the advancement of the "healing arts."

Dog Care

The love and interdependence between humans and dogs has endured for thousands of years. Evidence suggests that dogs and humans started relying on each other thousands of years ago. Today, dogs are our coworkers and companions. They assist search-and-rescue teams, law enforcement officers, hunters, farmers, and people with disabilities. They also play with us and keep us company.

First Aid

First aid - caring for injured or ill persons until they can receive professional medical care - is an important skill for every Scout. With some knowledge of first aid, a Scout can provide immediate care and help to someone who is hurt or who becomes ill. First aid can help prevent infection and serious loss of blood. It could even save a limb or a life.

Maximum number of participants: 20

Prerequisites: Demonstrate to your counselor that you have current knowledge of all first-aid requirements for Tenderfoot, Second Class, and First Class ranks.

FIRST YEAR CAMPER (Clements Rangers)

This is a 3-hour class that we offer from 9 a.m. to 12 p.m. We designed this program for the Scouts in their first six months with a Scout BSA troop. They will spend their time focused on basic Scouting skills and having FUN!!!

We know that many youth and parents expect summer camp to be an opportunity to earn merit badges. Consequently, these Scouts enrolled in the First Year Camper program have an opportunity to sign up for two (2) merit badges in the afternoon. We strongly recommend enrolling them in a selection from the following list:

Basketry and Leatherwork (Combo Class), Indian Lore, Art, Sculpture, Woodcarving, Mammal Study and Nature (Combo Class), Swimming*

Minimum Rank: Rank Not Earned

Maximum number of participants: 20

Prerequisites: If your Scouts would like to register for this program, simply select First Year Camper (Clements Rangers) from the menu and then the two merit badges they would like to take in the subsequent spots. As always, we will not sign-off any requirements for rank advancement as a part of this program. The signing-off of requirements remains the responsibility of the Scoutmaster or their designee. All we will do is provide instruction in those requirements.

Fish and Wildlife Management, Soil and Water Conservation

Wildlife management is the science and art of managing the wildlife - both animals and fish - with which we share our planet. Maintaining the proper balance and the dynamics that go with it requires humankind's attention. We use this stewardship tool to help minimize or eradicate the possibility of extinction of any given species. We want our descendants to have the opportunity to experience the same animal diversity that we now enjoy.

Conservation isn't just the responsibility of soil and plant scientists, hydrologists, wildlife managers, landowners, and the forest or mine owner alone. It is the duty of every person to learn more about the natural resources on which our lives depend so that we can help make sure that these resources are used intelligently and cared for properly.

Fishing

In Scouting for Boys, Baden-Powell offers this advice: "Every Scout ought to be able to fish in order to get food for himself. A tenderfoot [beginner] who starved on the bank of a river full of fish would look very silly, yet it might happen to one who had never learned to catch fish."

Fly Fishing

Fly-fishing is a specialized form of fishing that combines skill and artistry. Because it is so rich with tradition, it is a passion for millions of people. The beauty of the water, the solitude, and the skills that the sport requires have made fly-fishing very important in the lives of many notable people.

Maximum number of participants: 20

Prerequisites: Bring a fishing pole

TRSC74

Class Session A 09:00-09:50 AM

Forestry

In working through the Forestry merit badge requirements, Scouts will explore the remarkable complexity of a forest and identify many species of trees and plants and the roles they play in a forest's life cycle. They will also discover some of the resources forests provide to humans and come to understand that people have a very large part to play in sustaining the health of forests.

Maximum number of participants: 20

TRSC73

Class Session E 03:00-03:55 PM

Geology

Geology is the study of Earth. It includes the study of materials that make up Earth, the processes that change it, and the history of how things happened, including human civilization, which depends on natural materials for existence.

Insect Study, Reptile and Amphibian Study

In earning the Insect Study merit badge, Scouts will glance into the strange and fascinating world of the insect. There, they will meet tiny creatures with tremendous strength and speed, see insects that undergo startling changes in habits and form as they grow, and learn how insects see, hear, taste, smell, and feel the world around them.

Boys always have been interested in snakes, turtles, lizards, and alligators, as well as frogs and salamanders. Developing knowledge about these captivating creatures leads to an appreciation for all native wildlife; understanding the life cycle of a reptile or amphibian and keeping one as a pet can be a good introduction to natural history; and knowing about venomous species can help Scouts to be prepared to help in case of an emergency.

Class Session A 09:00-10:55 AM
Class Session D 02:00-03:55 PM

Lifesaving

No Boy Scout will ignore a plea for help. However, the desire to help is of little use unless one knows how to give the proper aid. The main purpose of the Lifesaving merit badge is to prepare Scouts to assist those involved in water accidents, teaching them the basic knowledge of rescue techniques, the skills to perform them, and the judgment to know when and how to act so that they can be prepared for emergencies.

Minimum Age: 12

Maximum number of participants: 20

Prerequisites: Must have earned Swimming Merit Badge

TRSC30

Class Session E 03:00-03:50 PM

Mammal Study, Nature

A mammal may weigh as little as 1/12 ounce, as do some shrews, or as much as 150 tons, like the blue whale. It may spring, waddle, swim, or even fly. But if it has milk for its young, has hair of some kind, is relatively intelligent, and has warm blood, then it is a mammal.

There is a very close connection between the soil, the plants, and all animal life, including people. Understanding this connection, and the impact we have upon it, is important to preserving the wilderness, as well as to our own well-being as members of the web of nature.

Maximum number of participants: 20

Prerequisites: dual Merit Badge

Moviemaking, Photography

Moviemaking includes the fundamentals of producing motion pictures, including the use of effective light, accurate focus, careful composition (or arrangement), and appropriate camera movement to tell stories. In earning the badge, Scouts will also learn to develop a story and describe other pre- and post-production processes necessary for making a quality motion picture.

Beyond capturing family memories, photography offers a chance to be creative. Many photographers use photography to express their creativity, using lighting, composition, depth, color, and content to make their photographs into more than snapshots. Good photographs tell us about a person, a news event, a product, a place, a scientific breakthrough, an endangered animal, or a time in history.

Prerequisites: Bring a digital camera or a phone with camera. "GoPro" is acceptable.

Public Health

The field of public health deals with maintaining and monitoring the health of communities, and with the detection, cure, and prevention of health risks and diseases. Although public health is generally seen as a community-oriented service, it actually starts with the individual. From a single individual to the family unit to the smallest isolated rural town to the worldwide global community, one person can influence the health of many.

Public Speaking

A lot happens during the course of every person's life and your ability to communicate your feelings and ideas is the best way to connect to the larger world. Even if you haven't stood at a podium on the stage and find the whole idea scary, sooner or later, someone is going to ask you to get up and say a few words. If you are prepared, it won't be scary. It can even be fun.
