1. Introduction

We realize that not everyone wishes to tent camp at this event, and with the current restrictions we are not using the cabins. In order to make it cheaper for everyone, we are changing this to a single day event with just lunch provided and Packs may camp out for free the night before/after if they wish.

Packs that wish to camp out will need to submit a reservation form to the Scout Office by the week before the event (4/2). This is in Appendix A. These can be emailed to Barbara.Scott@Scouting.org or dropped off/mailed to 24 Lynnwood Dr, Texarkana TX 75503. Packs will also need to provide their own food with the exception of Saturday lunch.

2. How to Register for Knights and Castles

Pre-registration is required.

All people will wish to attend will need to register through <http://CaddoBSA.org>. Lions (Kindergartners) and Tigers (First Grade) need to be accompanied by an adult partner at all times. Wolves (Second Grade) and up can be accompanied by adult leadership from the Pack and not attend with a specific adult partner. You will need to confirm with your Pack that there are adults attending who are willing to watch your child, and ensure that you register for the same group that those adults are in. You will also need to confirm with your Pack the arrival time of this leadership as no 2nd grader or older can be left at camp without at least two deep leadership from the Pack being present and a 1:4 adult to child ratio.

It costs \$18 for Cub Scouts and \$12 for adults and Den Chiefs to attend. Any adult or Scout BSA who wishes to help run the event is free, but please note that you will not be with your Pack at all times and will, instead, be involved in running activities. Please register through the Knights and Castles registration on www.CaddoBSA.org

If you have any questions, please contact the Zoe Nakashian at Caddo Area Council Office at 903-793-2179 ext. 1021 or email Zoe.Nakashian@scouting.org

Registration closes on 4/5.

You will NOT be able to register on the day of the event.

3. Who Can Attend?

All registered Cub Scouts can attend. Siblings who are not registered with the BSA cannot attend.

Wolves and up (2nd grade through 5th grade) can attend with adult leaders provided from their Pack, one of whom must be over 21 years old - there must be a ratio of one adult for every 4 Cub Scouts and the Pack must have at least two adult leaders present at all times, even if there are less than 4 unaccompanied scouts attending from the Pack. This will allow them to maintain two deep leadership. If the Pack as a whole does not plan to attend, Cub Scouts can attend with a parent or guardian who has completed Youth Protection Training and submitted the completion certificate to council prior to the day of the event.

Youth Protection Training can be done for free at my.scouting.org. This can be dropped off in person or mailed to

the Scout Office, addressed to Zoe Nakashian (24 Lynnwood Dr, Texarkana TX 75503) or scanned or photographed and emailed to Zoe.Nakashian@scouting.org.

If the Pack as a whole is not attending, Cub Scouts cannot be dropped off without an adult. Cub Scouts who are attending with leadership from the Pack cannot be dropped off until that leadership is present. Please coordinate with your Pack and leaders as to when they intend to arrive and depart from camp.

Lions and Tigers (Kindergarten and First grade) must attend with an adult partner over the age of 21, who has completed Youth Protection Training and submitted the completion certificate to council prior to the day of the event. Youth Protection Training can be done for free at my.scouting.org. This can be dropped off in person or mailed to the Scout Office, addressed to Zoe Nakashian (24 Lynnwood Dr, Texarkana TX 75503) or scanned or photographed and emailed to Zoe.Nakashian@scouting.org. Kindergarteners and First Graders cannot be unaccompanied.

Youth Protection Training will not be offered at the event.

If your Pack does not have enough adults able to attend, please let us know before the camp, as we may be able to combine you with another Pack to meet adult: child ratios.

Den Chiefs can attend with the Pack/Den they assist with. They must be registered in the same way as everyone else

In order to attend, you must **NOT** have

- Help keep the camp clean – use trash barrels provided
- Deposit all trash in the dumpster near the main dining hall or the dumpster near the front parking lot before leaving camp
- Clean cabins before you leave camp

BSA drug policy states there will be no alcoholic beverages or illegal drugs on camp property. Anyone found in possession will be asked to leave the property and is subject to criminal charges.

Usage of medical marijuana is strictly prohibited at or during all Scouting activities.

Each cabin is supplied with a smoke detector. These are checked on a regular basis. Smoke detectors are provided for your safety. Please do not remove detector or the battery, or otherwise alter the smoke detector in any manner. If the smoke detector is damaged, a \$25.00 fee will be levied against the unit.

There is to be no smoking inside cabins or tents.

E-cigarettes, vapes, and other electronic smoking devices are not permitted on camp property.

Each building at camp is equipped with a fire extinguisher. These are for your safety. Please do not allow scouts to play with extinguisher or discharge one unnecessarily. If a fire extinguisher is discharged unnecessarily, a \$75.00 fee will be levied against the unit.

There will be no writing or drawing on any building. Doing so will result in a fee of \$20.00 per inch being levied against the unit. Carving on a building will result in an additional fee and/or repair work.

Camp Preston Hunt has a beautiful lake which is well stocked with catfish and bass. Fishing can be great fun when done safely. Please remind your scouts to use the “buddy system” when fishing, as with all other activities. Also, remind them to stay well back from the water’s edge. Cub scouts must be accompanied by an adult.

Remember there are snakes at camp. Please tell your scouts to leave all snakes alone. If they find one, they should report it to a camp leader.

Also, there is an abundance of poison ivy on camp. Please stay on the well-traveled trails (there are many).

When you check in, you will be given a trash bag. Please put only real trash in the bag (no rocks or sticks please). Before leaving camp, please deposit the bagged trash in the dumpster near the dining hall or the dumpster near the main parking lot.

As per BSA policy, motorized vehicles (ATV’s, off-road vehicles, etc.) Are strictly prohibited.

Security: All camp gates will be closed by 7:00 pm and will not be reopened until after 7:00 am. All participants must check in and out of camp with event leadership, Camp Ranger, and/or unit leadership. Individuals entering or leaving camp without checking in or out are subject to dismissal from the event.

Camp speed: The speed limit on all camp property is 5 MPH. No riding in the cargo area of pickups or any other similar vehicle. All passengers must have their own seatbelt.

Parking: No vehicles are permitted beyond the front gates of camp. Please park in the front parking lot only (council and camp vehicles are exempt from this rule).

Scouts with disabilities may be exempt from this rule with written authorization from the scout executive.

We ask that groups leave camp by 12:00 pm on your departure day.

In the event of any dispute or controversy regarding the meaning of anything contained in this form, the decision of Caddo Area Council will be final.

The health and safety of our visitors to our activities is our #1 priority. In light of the COVID-19 pandemic, we think it is important that you understand our efforts to manage your health and safety so that you can make an informed choice. We are focused on taking all reasonable measures to prevent the spread of COVID-19. We have strengthened our standard cleaning procedures, while adding increased frequency measures for things such as wiping down common touch points, dining hall areas, and activity equipment. Additionally, we have taken measures to monitor and address symptomatic individuals by introducing this health screener, daily temperature checks, and protocols to isolate, confirm, respond, and remove any attendee or staff with suspected COVID-19.

This situation continues to change daily, and as such, we will adapt and adjust our protocols and procedures as we follow the guidance provided by the CDC and local health departments, in our efforts to help keep our attendees, staff, and families safe.

Ultimately the decision to attend events is a personal one and we can never completely exclude the risk of COVID-19 exposure.
