National Youth Leadership Training is an exciting, action-packed program designed to provide youth members with leadership skills and experience they can use in their home troops and in other situations demanding leadership of self and others.

The course focuses on teaching advanced leadership skills through the patrol or crew method. The participants will be challenged to accomplish activities and projects using the leadership skills taught in the course. Participants will experience the simulation of a month in the life of a unit, complete with meetings, activities, and planning for the big monthly outing (the outpost overnight trip at the end of the course).

NYLT is a six-day course. Content is delivered in a troop and patrol outdoor setting with an emphasis on immediate application of learning in a fun environment. Interconnecting concepts and work processes are introduced early, built upon, and aided by the use of memory aids, which allows participants to understand and employ leadership skills much faster.

NYLT integrates the best of modern leadership theory with the traditional strengths of the Scouting experience. Through activities, presentations, challenges, discussions, and audio-visual support, NYLT participants will be engaged in a unified approach to leadership that will give them the skill and confidence to lead well. Through a wide range of activities, games, and adventures, participants will work and play together as they put into action the best Scouting has to offer.
