

Fundamentals of Training

September 07, 2024, 08:00 AM

Portsmouth Catholic Regional High School

2301 Oregon Ave
Portsmouth, VA 23701

Description

The Fundamentals of Training is the first part of the three-part train-the trainer continuum (T3) in Scouting and is intended for both youth and adult trainers. This session is designed to introduce new Scouting trainers to teaching techniques and skills.

This first part of the T3 continuum, The Fundamentals of Training, is designed to help Scouters, regardless of their experience, present effective training. The course will also help those who might have trained for other organizations learn the BSA's training techniques. And, it will help freshen up the skills of current BSA trainers.

Upon completion of The Fundamentals of Training, new trainers will be able to apply the techniques they have learned across the BSA's leadership development programs, from unit level youth leader training taught by youth for youth, to position-specific and supplemental training for adult leaders. Upon completion of this first part, new trainers are coached and mentored by experienced trainers as they become comfortable with and confident in their training skills.

Who should attend? Adults who will be conducting a training session during a council or district training event. Youth who are responsible for training other youth such as Instructors and Troop guides.

The purpose of this course is to introduce experienced Scouters and Scouts to the skills needed to provide effective training. At the conclusion of the training, participants will be able to:

- Why and How We Train Leaders
- Characteristics of Good Trainers
- How People Learn
- Flip Chart & Power Point presentations
- Training Methods.
