**Prerequisites:** Some classes have requirements that should be completed before arriving or cannot be completed during the class. Prerequisites are listed on the Class Schedules and the Class Catalogs. If none are listed, there are no prerequisites.

If the prerequisites are not completed in advance, participation in the class is at the discretion of the instructor. Students should bring documentation that prerequisites have been completed with them to class. Documentation may include pictures, written description, completed workbook, or a letter from authorized individual. Instructors have the final determination on documentation. Additional age and/or rank restrictions may also be listed.

**Merit Badge & Certifications:** Some classes, such as merit badges and first aid certifications, have standardized requirements. Participants must fully participate in those classes and complete all requirements as written. The instructors do not have the ability to change these requirements. Students failing to meet all the requirements will receive a Partial or Incomplete for that class.

**Class Sessions:** If a class is offered more than once the first instance will be labeled A, the second B, and the third C. Students only attend the session they are registered for. They should not attend the other sessions.

**Seats:** Some classes have a limited number of seats. These are available by first signup. Exceeding the class limit is at the discretion of the instructor, although some standardized classes may impose a hard limit.

**Attendance & Rosters:** Instructors will verify attendance and completion of requirements in each class. This is the official record of completion. Please verify your name, attendance, and completions are properly recorded on each class roster.

**Advancement, Completions, Blue Cards:** Advancement Reports, Class Completions, and Blue Cards will be available in the Event Registration after the event ends. Participants will be notified by email when these reports are available. Records are provided to the participants and their units. Event Staff will NOT enter records directly into Scoutbook. If you need paper copies, please visit the Registrar while onsite. We are unable to provide reports until the class roster has been submitted by the instructor.

**Annual Health & Medical Record:** Scouting America requires a current Annual Health & Medical Record to be available on site for all Scouting events. At Tidewater University, all youth participants are required to upload a medical form as part of registration. Adults manage and retain their own medical forms during the event. Medical information is accessed only as needed and is removed after the event.

**Event Staff:** We are always looking for more event staff in the following areas.
