CAMP APPS

We are excited to launch our brand new “Heart of Virginia Council Scout Reservation” camp apps! These apps are designed to serve unit leaders, parents, and scouts attending camp at Cub Adventure Camp or Camp T. Brady Saunders in Goochland, VA, to receive notifications while on our camp properties, learn more about special events, and to provide staff feedback. Our apps include a push notification setting that allows our Camp Directors to send messages to users about emergencies, schedule changes, and more.

FEATURES

Separate tabbed pages with camp-specific information for **Camp T. Brady Saunders** or **Cub Adventure Camp**. By selecting your camp, you’ll find details about upcoming events and programming that your Scout would enjoy! You can register for events and download Leader Guides (PDFs) where applicable.

Our **Feedback** tab allows users to give a Staff Shoutout and provide important app feedback. We hope you’ll utilize both to help us ensure you’re having the best possible experience at camp.

We are especially excited about our **Push Notification** feature. This allows our Camp Directors and staff to send you timely messages about emergencies, schedule changes, reminders, and more. These messages appear in your device tray, just like any other system notification. You may need to expand the message in your tray to read the full notification - clicking the message will open our app.

You can **turn off notifications** in the app settings when you leave camp, and turn them on again later. We do hope you'll keep the Camp App on your phone for your convenience as you visit our beautiful camp properties throughout the year!

INTERNET CONNECTIVITY IS REQUIRED

to access the functions of our app. Please note that **camp staff are not able to provide technical support** for the app or any of its features. Please use the **Feedback** form to report issues and we will do our best to resolve those as quickly as possible.

USE OF THE APP DOES NOT REPLACE ONE-ON-ONE COMMUNICATION

Please check in with our Camp Directors and staff if you have questions about camp operations, scheduling, programming, etc. These are trustworthy, helpful, friendly, courteous, kind, and cheerful individuals who are there to help! Look for folks in our Staff Shirts.
