

## 2026 Cub Adventure Camp Program

The following is a list of Achievements for each rank for use in Scoutbook and is NOT a complete list of activities for each area. (If a rank is not listed it signifies there is no official rank "Achievement" for that program area, it does not indicate a lack of programming.) It is up to each leader or parent to determine whether their scout has "Done their best" and participated in the presented program in order to earn these achievements.

### Archery & BBs

**All Ranks: Level 1 and partials for Level 2 of the Range Activity Awards.**

**\*\*Lions may not participate in BBs.**
