

Hello University of Scouting students!

In these trying and unique times, things are different and more variable than ever. As Scouts, however, we live by the motto Be Prepared!

In this time, what are we preparing for? We are preparing to get ourselves and our Scouts out into the environment for a great and much needed summer of adventure! This will be the greatest summer most Scouts will ever remember. The summer they could go back to seeing people and seeing friends and doing all the fun things Scouts do! It may be behind a mask or in smaller groups than we are used to, but it will happen!

With those words, we want to welcome all of you to the 2021 University of Scouting. We have looked at the traditional plan and tweaked it a bit. We have built and designed a series of presentations to not only help you prepare to get outside, but hopefully will get you excited to get outside again.

There are multiple sessions each hour. The instructors are here to not only provide you with information they feel is important but also to provide you a place to chat and ask questions of some of the most knowledgeable Scouters in the Council. Please look at the catalog for a full and exciting day, come with an open mind, and a ton of questions.

If you weren't able to **sign up for classes** when you originally registered, just go back into your registration and click on the Update Information button for the participant. The very bottom is now showing the option to select classes. Click on a class on the right column to move it to your schedule on the left. Click the class again if you wish to remove it.

If you cannot find your registration link (in your confirmation email), use the link below to look up your registration. If you don't have your registration number, it can be emailed to you using "Forgot Registration Number" from the same link. <https://scoutingevent.com/?OrgKey=BSA606&reservationFromEmail=true>

In your registration, the Reports tab next to Participants (upper left) contains your **schedule with the class links**. Specific directions on where to download your schedule is in the buff-colored drop-down box 'Attachments'. The links in the class schedule report are active even though they are not blue.

To get you started, here is the login information for our opening session, **Coffee Time with the Key 3:**

Time: Jan 23, 2021 09:30 AM Pacific Time (US and Canada)
