

Hello Adventurers!

I am excited to take you on a dinosaur adventure at Scout-A-Vista, June 20-21st! Adventurers should prepare to learn how to safely shoot bows and arrows, BB guns, cut and assemble wood projects, do food preparation, practice first aid, learn about STEM, and participate in games and funny songs!

Camp Rules:

- Camp sites are on a first come first serve basis
- Only drive vehicles on roads. The road is one-way.
- Back-in parking for quick emergency departure. Additional parking in the campsite down the hill.
- NO fires allowed unless they are propane
- Pack out your garbage
- Closed-toed shoes only. No sandals or flip-flops except in the shower

There is a showerhouse with flush toilets near the lodge and KYBO's/Outhouses around camp. The water at camp is potable. Campsites are a short hike from the parking lot, so you may appreciate bringing a wagon or stroller to transport your gear.

Families are welcome to arrive Friday night, but keep in mind that programming won't begin until Saturday morning! Camp quiet hours begin at 10:00PM, please have your children in your campsite, preferably trying to settle down in their bed by 10:00pm. Getting little ones wrangled into a tent and laying down can be quite challenging, so as the Cub Scout Motto says, "**Do Your Best**"!
