2024 Program and Schedule Changes

Since 1938, Camp Grizzly has been a hub of summer adventure to countless Scouts. Camp Grizzly is located on the Palouse river which feeds our intimate lake and is bordered by thousands of acres of national forest and endless wildlife.

In addition to a full offering of the traditional programs that make scout camp what you love, Camp Grizzly has exciting and unique opportunities in our famous trades craft program and shooting sports areas.

In our Tradecraft area you can learn welding, blacksmithing, plumbing and try your hand at Foundry!

Looking for shooting sports? In addition to our rifle, shotgun and archery ranges, be sure to check out sporting arrows and our new black powder rifle range. We are also able to offer scouts and adults the opportunity to participate at the Cowboy Action range!

We are constantly upgrading our facilities and program offerings to give you an ever more incredible experience.

Check out some of the big changes you will see this year...

2024 Updates and Changes

Pre-Camp Swim Tests

Allowing Swim Tests by certified lifeguards before camp begins has smoothed the check-in process considerably and is now a permanent part of our processes.

Weekly Schedule Changes

Classes will happen on Mondays, Tuesday, Thursdays and Fridays. Wednesday will become our mid-week break day. Wednesdays will include patrol games, a camp-wide relay and Topic Talks. A mid-week change up will allow scouts time to have simple fun and start new classes on Thursday refreshed and ready to go!

Block Class Schedules:

Scheduled Classes are offered across 3 blocks each day. There are two morning blocks and one afternoon block. Most classes are Monday/Tuesday or Thursday/Friday. The schedule of classes is at the end of the guide.

Class sign-up occurs through the online registration portal in each scout's *UPDATE INFORMATION* button. As you select classes, the system removes incompatible classes so scouts don't double book themselves.

If you would like to have parents select classes for their scouts and pay for their classes, you may set up the Parent Portal in your registration portal and allow parents access to their own scout only.

2024 Updates and Changes cont.

Tradescraft Program

Expanded Metalworking program

We have doubled the square footage of our forge and doubled the number of forges and anvils, meaning more scouts get to try their hand at blacksmithing and metalwork merit badge.

Woodwork Program

We have a wonderful new wood shop facility that will be available during open period some days each week. Unfortunately skilled staff have been a challenge to hire so if you have wood working skills, let us know and we will open a woodwork merit badge class!

Automotive Maintenance

Change a tire, change oil, and other maintenance tasks on one of our classic camp vehicles. This is also a skill we have been hard pressed to hire a staffer for: if you have the skills to offer the Automotive Maintenance Merit Badge, we have the equipment to help you instruct! Let us know when you'll be at camp and we'll open up a special class!

Other Adult Help –

We would love to offer other specialty merit badges or classes if any of the adults coming to camp would like to instruct a class (or two!). Summer Camp is a wonderful opportunity for professionals and experienced hobbyists to share their experience and passion with scouts. Let us know what you have a passion for and we can set up another class, schedule a Topic Talk or arrange a special free time opportunity.

If you would like to assist in instructing one of our scheduled merit badges, please let us know! An additional instructor could allow us to open more

spaces or an additional class section as well as allowing scouts to learn from a highly experienced person!

PRO TIP!

Don't Necessarily "Fill" your Schedule

There are 3 blocks for classes each day, but you don't need to use them all!

While merit badges are important, they are not the only benefit of summer camp and the scouting program.

Leaving an open period in your schedule can also have other benefits:

- Ensure extra time for completion of difficult classes
- Reduce stress of difficult classes
- Enjoy personal activities like fishing or reading a book in the shade
- Give unstructured time to spend with friends in the outdoors

Class Catalog

Image	Class Name	Cost	Description/Prerequisites	Location
	Archery	\$25	This merit badge can provide a thorough introduction to those who are new to the bow and arrow Fee includes Archery Maintenance Fee and Arrow Kit	Archery Range
	Art	Free	This merit badge concentrates on two-dimensional art, specifically drawing and painting in various media, including an introduction to design applications No Prerequisites	Handicraft Lodge
	Animal Science	Free	Cattle, horses, sheep, goats, hogs, poultry, and other domesticated animals are important to people for many reasons	Science Lodge
	Astronomy	Free	Scouts study how activities in space affect our own planet and bear witness to the wonders of the night sky No Prerequisites Scouts will need to complete evening observations, offered to the group on at least one night. Observations may not conclude until very late at night	Science Lodge
	Basketry	\$18	Basketry is a handy skill for a Scout! No Prerequisites Kits provided in class. Additional kits available for purchase in trading post/	Handicraft Lodge
	Camping	Free	Please Complete Requirements 4a, 4b, 5e, 7a, 7b, 8c, 8d, 9a, 9b, 9c prior to camp in order to finish the Merit Badge at camp.	Scoutcraft
	Canoeing	Free	For several centuries, the canoe was a primary method of travel for explorers and settlers. Today, it remains an important part of the wilderness experience and an enjoyable leisure activity that teaches communication, teamwork, and physical fitness. Must pass BSA Swim Test before starting badge*	Aquatics
	Chess	Free	Chess builds critical thinking, forward thinking, and proper sportsmanship in young people. No Prerequisites Great for First Year Scouts	Handicraft Lodge
	Cooking	Free	Scouts will cook for either requirement 5 or 6 at camp. Prerequisite: must complete requirement 4 c-e and either 5 or 6 to guarantee completion at camp.	Scoutcraft
	Cowboy Action	\$10	The Cowboy Action range introduces you to Galley-Style shooting at reactive targets with lever action rifles and single action revolvers, cowboy style! Minimum age 14, additional permission slip required. (Activity, NOT a Merit Badge)	
	Electricity	Free	Electricity is a powerful and fascinating force of nature No Prerequisites	Science Lodge
	Electronics	\$20	Scouts will learn about capacitors, transistors, and resistors while grasping the basic principles of digital techniques and demonstrating how to build a control device circuit. No Prerequisites	Science Lodge

Image	Class Name	Cost	Description/Prerequisites	Program Area
	Environmental Science	Free	Scouts will get a taste of what it is like to be an environmental scientist, making observations and carrying out experiments to investigate the natural world. Recommended for 2 nd + year scouts: merit badge can have an intense schedule and improved focus and time management skills are very helpful.	Science Lodge
	First Aid	Free	Requires either bringing First Aid Kit to camp, or building/purchasing one from the trading post Helpful to have completed first aid rank requirements.	Scoutcraft
	Forestry	Free	Scouts will explore the remarkable complexity of a forest and identify many species of trees and plants and the roles they play in a forest's life cycle. No Prerequisites	Science Lodge
	Foundry	\$40	Learn the Fundamentals of melting metal to make fun and interesting projects. Students will learn basic safety while making two projects which they can take home. (Activity, NOT a merit badge)	Tradecraft
	Game Design	Free	Games come in almost every shape, size, format, and flavor imaginable. Scouts will have the opportunity to design and prototype a game of their own creation. Participation in the Thursday Game Night is required	Handicraft Lodge
	Geology	Free	Geology is the study of Earth. It includes the study of materials that make up Earth, the processes that change it, and the history of how things happened, including human civilization, which depends on natural materials for existence. Combined class with Mining in Society	Science Lodge
	Introduction to Outdoor Leadership Skills	Free	ADULT ONLY CLASS Complete the second part of required Scoutmaster and Assistant Scoutmaster training while you visit us this summer!	Lodge
	Kayaking	Free	A basic-level merit badge for flat-water kayaking Must pass BSA Swim Test before starting badge*	Aquatics
	Leatherwork	\$20	Scouts will learn to make a useful leather item using the same types of raw materials that our ancestors used; be challenged to master skills like hand-stitching, lacing, and braiding.; and learn how to preserve and protect leather items so they will last a lifetime and beyond. One kit will be provided in class. Additional kits available in the trading post	Handicraft Lodge
	Learn-to-Swim	Free	Great for all scouts! Work with our lifeguards and/or your own adults to become a stronger swimmer and get ready for the swimming merit badge	Aquatics
	Lifesaving	Free	The main purpose of the Lifesaving merit badge is to prepare Scouts to assist those involved in water accidents. Must have Swimming Merit Badge and be a strong swimmer Must pass BSA Swim Test before starting badge*	Aquatics
	Metalwork	\$30	Scouts will learn about the properties of metal, how to use simple metalworking tools, and the basic metalworking techniques. Difficult for smaller or younger Scouts: hammers are heavy and used for long period.	Tradecraft

Image	Class Name	Cost	Description/Prerequisites	Program Area
	Mining in Society	Free	This merit badge covers the history of mining, explores the status of mining in the 21st century, introduces Scouts to modern mining careers, and explores the all-important topic of mining safety. Combined class with Geology	Science Lodge
	Nature	Free	There is a very close connection between the soil, the plants, and all animal life, including people. Understanding this connection, and the impact we have upon it, is important to preserving the wilderness, as well as to our own well-being as members of the web of nature.	Science Lodge
	NRA Marksmanship - Rifle	\$70	Learn and practice advanced target shooting skills in order to advance in the NRA/Winchester Marksmanship Program; includes up to 800 rounds of ammunition and all targets. Must have Rifle merit badge or be over 18 years of age.	Rifle Range
	NRA Marksmanship - Shotgun	\$150	Learn and practice advanced target shooting skills in order to advance in the NRA/Winchester Marksmanship Program; includes up to 250 shells and clays. Must have Shotgun merit badge or be over 18 years of age.	Shotgun Range
	Orienteering	Free	Orienteering, the use of map and compass to find locations and plan a journey, has been a vital skill for humans for thousands of years. Orienteering is also a recognized sport at the Olympic Games, and thousands of people participate in the sport each year in local clubs and competitions.	Scoutcraft
	Pioneering	Free	The knowledge of ropes, knots, and splices along with the ability to build rustic structures by lashing together poles and spars-is among the oldest of Scouting's skills.	Scoutcraft
	Plumbing	\$20	Plumbing covers installations and repairs in homes, commercial properties, and factories. Plumbing pipelines are used for water supply, waste drainage, natural-gas heating, and many other purposes. Cost includes all materials used including pipes and solder	Tradecraft
	Radio	Free	Radio is a way to send information, or communications, from one place to another.	Science Lodge
	Railroading	Free	By earning this badge, Scouts can learn about the history of railroading, its place in modern society, careers in railroading, and hobbies related to railroading.	Science Lodge
	Rifle Shooting	\$30	Great for First Year Scouts! By earning this badge, Scouts can develop their shooting skills while learning safe practices. Cost includes Rifle Maintenance fee and up to 150 shots and targets.	Rifle Range
	Rowing	Free	Rowing is the use of oars as a means of propelling boats, has grown from a basic method of transportation to a competitive sport and an enjoyable method of exercising. Must pass BSA Swim Test before starting badge*	Aquatics
	Shotgun Shooting	\$50	Cost includes Shotgun Maintenance Fee and 75 shots and clays. May be difficult for smaller Scouts	Shotgun Range
	Signs, Signals and Codes	Free	The Signs, Signals, and Codes merit badge will cover Morse code, ASL, Braille, signaling, trail markings, and other nonverbal communications.	Scoutcraft

Image	Class Name	Cost	Description/Prerequisites	Program Area
	Space Exploration	\$20	Each time we send explorers into space, we learn something we didn't know before. Cost includes Rocket	Science Lodge
	Sporting Arrows	\$5	Attempt to shoot flying foam targets! (Activity, NOT a Merit Badge)	Archery Range
	Swimming	Free	Swimming is a leisure activity, a competitive sport, and a basic survival skill. Must pass BSA Swim Test before starting badge*	Aquatics
	Trail to First Class	Free	Scouts will be divided up into patrols and will follow a program that introduces them to advancement as well as many of our camp programs.	Eagle's Nest
	Welding	\$60	Welding is the process of joining or combining similar pieces of metal by heating them with a flame torch or an electric current, then hammering or pressing them together while they are soft. Recommended for older Scouts: equipment can be heavy and smaller Scouts have problems with the gloves & helmets	Tradescraft
	Wilderness Survival	Free	When things go wrong, the skills of wilderness survival can help make everything right again. Recommended for Scouts who are 2 nd class or higher in rank. Required to participate in a survival campout on Thursday Evening	Scoutcraft
	Wood Carving	\$5	As with any art, wood carving involves learning the basics of design, along with material selection and tools and techniques, as well as wood-carving safety. Totin-Chip required, can be earned in camp Slide kit options provided in class – additional kits available in the trading post.	Handicraft lodge

*All aquatics merit badges (see requirement #2 on each badge) and achievements specify that a Scout must complete the BSA Swim Test before doing any other requirements. If a Scout cannot complete either the “beginner” or “swimmer” swim test (See guide to safe Scouting) by the end of the first day of classes their schedule may be adjusted, and they may be moved to other classes outside of aquatics.

Age/Size Appropriate Classes

The *Guide to Advancement* states that “No council, committee, district, unit, or individual has the authority to add to, or subtract from, advancement requirements.” (see *Guide to Advancement* p. 2) With that in mind, Camp Grizzly does not impose any age restrictions on our merit badge classes not already included in the badge itself.

We do; however, make note that younger, smaller, or less experienced Scouts may have difficulties with certain classes and activities. Examples include holding up a shotgun for long periods of time, using the large gloves or helmets in Welding, using a heavy hammer for long periods in Metalwork or attempting Wilderness Survival before completing the knot and fire-building requirements leading up to Second Class. Many of our exciting programs do have Try-It times where all youth and adults are able to sample the activity.

We urge you to make note of these suggestions as you plan your visit to Camp Grizzly and create your daily schedule.

Thanks to our Donors for Providing Correct Equipment!

Thanks to our friends at the NRA and many other donors we have correctly sized equipment at our ranges, waterfront and more to best serve all our Scouts!

Early Completion Classes and Mid-session class changes

If a scout completes a class early, they are welcome to begin another class. Classes with fees must be approved and paid for by a parent/adult leader through the business manager in the office. If a scout is entering the class part-way through the offering, (start on a Tuesday of a Monday/Tuesday class) they may be required to spend a portion of their free period on the safety section of the badge and completion is not guaranteed.

Scouts are always welcome to withdraw from a class if they need to for any reason. Their completion thus far will be recorded and available for export into your unit's preferred tracking system along with all your other scouts. Scouts may swap into another class or pick a new merit badge under the same conditions as above.

Swimwear

Swimming Attire for all Scouting participants: Swimsuits should be comfortable, functional, and modest. For males, swim trunks or board shorts are appropriate. For females, bikinis are not allowed. Modest tankinis or one piece swimsuits are appropriate. Tight fitting swim briefs (for males) or swim bottoms, tops or suits that may allow exposure are not allowed.

Camp Wide Events

Campfire Programs

(Sunday & Friday Evenings)

Our staff will host the opening campfire program on Sunday. The scouts under the guidance of their SPL's and our Program Director will provide a campfire program on Friday night.

Campfire Skit and Song Tips

All skits and songs will need to be approved by the Program Director. Here are some things to think of as your Scouts prepare for their campfire:

- Keep it simple
- Keep it short (no more than 3 minutes)
- No jokes that insult or make fun of others
- Keep it Scouting appropriate
- Practice ahead of time
- Speak up and face the audience

Chapel

(Sunday Evening)

Sunday evening after dinner and before gathering for campfire, we hold a short, non-denominational worship service in the camp chapel. All Scouts and leaders are invited to attend. If you would like to help with another chapel service later in the week, please let the program director know.

Polar Bear Swim

(Wednesday)

At least once each week, occasionally twice, scouts and leaders are encouraged to wake up bright and early and come down to the waterfront to take a short swim in the brisk morning water and help disperse the lake fog! Scouts and leaders who participate will receive a Polar Bear Swim patch.

Flag Ceremonies

(Mornings and Evenings before Breakfast and Dinner)

Flag ceremonies happen daily prior to Breakfast and Dinner. Units will be expected to be on the parade field

on time with their unit and patrol flags. SPLs will be able to sign up their unit to perform the flag ceremony during SPL Meetings. Each campsite has a flag pole and flags may be checked out at camp if your troop would like to practice or perform flag ceremonies in your own campsite.

Grizzly Games

"LOOK A BEAR!"

(Wednesdays)

These are campwide patrol games. This is an opportunity for your patrols to test their scouting prowess, the patrol method, teamwork and most of all scout spirit. Patrols should come ready with yells, flags, and an overflowing abundance of scout spirit.

Troop Activities

Friendship Fires

Units are encouraged to host friendship fires with other units in camp on nights without a camp-wide campfire program. Bring campfire snacks or pick up some in the trading post and enjoy your evening getting to know your neighbors.

Laird Park

Take a hike into Laird Park down the James E. Dewey Trail during lunch for a jump off the dam into the swimming area. A guaranteed good time! SPLs should sign up with the Program Director at the SPL

meetings. This will allow us to dismiss your unit to eat lunch first so that you can hit the trail with plenty of time to make afternoon class sessions.

Game Night

(Thursday)

There will be one evening during the week where all scouts and scouters will be invited to enjoy playing board games and fellowship in the dining hall. This evening will also include the Art Show for Art merit badge, game testing for Game Design merit badge as well as at least one Commissioner Challenge!

Leader Activities

Scoutmaster Dinner

(Wednesday Evening)

In honor of those who volunteer and sacrifice so much for our youth in Scouting, every week we hold a special dinner just for the leaders who take their time to be with us in camp. Scoutmasters and other unit leaders get to have a specially prepared dinner and spend some time with the camp management team and each other.

Commissioner Challenges

Several Commissioner Challenges will be offered throughout the week. While you are primarily here to support your scouts, there will be time when they won't need you. Enjoy your week away from home, meet other adult leaders from other units and show your stuff in our challenges!

Patrol Leader Responsibilities

Patrol Leaders and Senior Patrol Leaders should be the primary leaders of their troop. Adult leaders should be present for support and guidance when needed. There are many opportunities in camp for youth leaders to organize and lead their Scouts. The first leadership meeting on Sunday will be with adult and youth leaders for each unit. Daily meetings during the rest of the week for SPLs and PLs will be after lunch while scoutmasters will have their daily meeting in the mornings.

SPL meetings

These daily meetings between SPLs and PLs and key camp leadership will cover any necessary schedule

updates and notices. There are also many camp duties for which SPLs and PLs can sign up their troop. There are both service and program opportunities available and they all are good leadership practice and great bonding activities for your units. If there are any issues or needs that require addressing, these will be the meetings to make camp leadership aware.

The Order of the Arrow

The Order of the Arrow (OA) recognizes Scouts and Scouters who best exemplify the Scout Oath and Law in their daily lives. OA service, activities, adventures, and training for youth and adults are models of quality leadership development and programming that enrich and help to extend Scouting to America's youth.

Each Wednesday at Camp Grizzly is Order of the Arrow Day. Any Scouts or Scouters involved with the OA are asked to wear their OA sash. Other OA opportunities during camp will be shared during daily leader and SPL meetings.

Empower your Youth Leadership!

At Camp Grizzly, we encourage scouting efforts and activities to be truly Youth Led as much as possible.

While we do encourage adult leaders to be actively aware of what is going on with their youth in camp, we believe that primary leadership efforts for the youth should be done by the youth. One of the best sentences adult leaders can learn to say is:

“Go Ask Your SPL”

Special Activities & Awards

Outside of classes and training there are additional activities at camp for both Scouts and Leaders as well as special awards for both individuals and patrols. These activities fall outside of scheduled classes and need to be done during open program time to be completed.

Silver Paw Award

The Silver Paw award encourages adult participation in camp by encouraging adults to be involved in all aspects of camp programs.

Golden Paw Award

The Golden Paw award encourages patrol participation in camp and offers additional opportunities for developing patrol leadership through the patrol method.

Honor Patrol

Every week the commissioner staff will select a patrol who has gone above and beyond expectations to participate in camp, assist others and live the values of the Scout law.

Have Fun at Grizzly Your Way!

The schedule at camp offers a variety of both scheduled and open program time as well as free time. Troops, Scouts, and leaders are welcome to be as busy as they would like or take the extra time to just relax and enjoy being in the great outdoors!

CLASS AND DAILY/WEEKLY SCHEDULES

An updated Daily schedule will be provided to units upon arrival at camp.

If merit badge class revision is required prior to start of your session, every reasonable effort will be made to keep scouts in their requested classes though the days of those classes may change.

Final revisions may be made upon arrival at camp.

Class Schedule

AQUATICS	8:45-10:15		10:30-noon		2:00-3:30	
	M-T	Th-F	M-T	Th-F	M-T	Th-F

2-day, multiple period class (M/TU or TH/F)
2-day class (M/TU or TH/F)
1 day class (M or TU or TH or F)
4-day class (M/TU/TH/F)
Only during open period, or special class
This class does not happen here

Each letter is a separate section of the class. Scouts will choose ONE section for their schedule. Color coding key is below and should help to distinguish between different types of course blocks.

Blue classes are two-day, single block classes. Swimming is the first example and has three sections from which to choose.

Kayaking is a 2-day, multi period class and has two sections of the class: M/T from 8:45-noon or Th/F from 8:45-noon.

Lifesaving for example, is a four day class and has a single section that runs all week during the afternoon block.

Purple classes, such as Learn to Swim are non-merit badge classes and each section is a single day, single block. Some may be repeated, some you may not repeat in your initial schedule but may be able to purchase additional tickets for if there is space during camp. Some may have additional times scheduled at camp.
