Welcome to Camp Easton!

Welcome to beautiful Camp Easton! Located in Gotham Bay on the east side of Lake Coeur d'Alene in Northern Idaho, Easton's defining feature is our amazing waterfront and beautiful lakeside view.

Easton strives to be the premier aquatics camp of the BSA, by offering all but one of the BSA's aquatics merit badges, many additional BSA aquatics certifications and awards, a full SCUBA program, and advanced aquatics programs for youth who have already completed the merit badges and other awards. In addition, Camp Easton offers a variety of programs in Shooting Sports, Nature, Scoutcraft, First Year Scouting and more! (see page 26). Thank you for choosing Camp Easton as your destination for Scouting this Summer!

Arrival

Check-in time is 1:00pm-4:00pm on Sunday. Please contact us if there are any additional circumstances or considerations in your arrival (i.e. early or late arrival). We do not provide any meals before dinner on Sunday. Anyone arriving before then will be responsible for their own meals. See *Early Arrivals* section.

One of our Commissioner Staff, as well as your Troop Guide for the week, will greet you in the parking lot, and direct you to your assigned camp site. Please note that only one vehicle at a time may be allowed to drive up to the campsite, and vehicles may not remain parked at campsites after loading or unloading. At this point, your Troop Guide will have an assigned time to walk you through our Troop Check-In Process.

Early Arrival

Some troops like to arrive earlier than the scheduled check-in time on Sunday to avoid long travel times. If a troop wanted to arrive Saturday and stay the night, there is an additional fee of \$50. Troops may not arrive until Saturday 3:00pm, after the previous week's troops have left, to avoid overlap.

Only overnight camping space is provided for those who arrive early: no meals or services will be provided. Program facilities such as the waterfront and the shooting ranges will be unavailable and off limits until regularly scheduled activities begin.

Staff will be unavailable to facilitate your unit's early arrival unless prior arrangements have been made. Any troop planning to arrive early **MUST** make these arrangements 2 weeks before their scheduled week with our Head Commissioner.

Check-In Process

Things to bring for Check-In:

- Full roster of everyone in your troop
- Current Medical Forms Part A, B, and C for each youth and adult
- Any additional permission slips: PADI Scuba Questionnaire, Cowboy Action form
- Final payment, if any

Medical Checks

Your Troop Guide will lead you to the First Aid center for medical form turn-ins. Make sure everyone coming to camp has a completed Medical Form (Parts A,B, & C) signed by a licensed healthcare provider!

Medical/Dietary Needs

If you have any youth or adults with special needs or dietary requirements, please indicate these needs on your registration or contact us as soon as possible so we can ensure we meet your needs as best we can.

Business Manager Check-In

While the troop is checking in with the Medic, you need to send one adult to visit our Business Manager. Make sure you have an accurate attendance roster, as well as any final payments required.

Please note that our registration system, 247Scouting, creates a report that uploads directly into ScoutBook for recording advancement. We do not use blue cards for recording merit badges, instead they are recorded by our staff directly into your reservation and the records are retained for several years after your visit.

Shooting Sports Safety Check

After your check-in is complete, your Troop Guide will introduce you to our Shooting Sports team for an overview of our ranges and safety.

Check-In Process Continued

Swim Checks

Each youth and adult who plans on participating in activities or classes at the waterfront will take a BSA Swim Test in Lake Couer d'Alene. Many of the aquatics merit badges and programs require passing this before completing any other requirements. If someone who is signed up for any of these programs fails to pass the swim test, there will be an opportunity to change classes or retake the swim test Monday morning.

BSA Swim Test Procedure:

"Jump feet first into water over the head in depth. Level off and swim 75 yards in a strong manner using one or more of the following strokes: sidestroke, breaststroke, Trudgen, or crawl; then swim 25 yards using an easy resting backstroke. The 100 yards must be completed in one swim without stops and must include at least one sharp turn. After completing the swim, rest by floating."

- Guide to Safe Scouting -

Swim Tests can be taken prior to arrival with a certified lifeguard using the "BSA Unit Swim Classification Record" available online. However, please note that the lake is much colder than a swimming pool, and our Aquatics Director and Lifeguard Staff may alter a swim classification after arrival if necessary to ensure the safety of our youth.

SWIM CHECK EASY-GUIDE

- Jump feet-first into deep water (over head-height)
- 100 Yards without stopping
 - 75 yards "power-stroke" including a sharp turn
 - 25 yards resting backstroke
- Rest by floating

Camp Tour

Your check in process will conclude with a camp-wide tour of our major facilities and areas, including our dining hall and meeting with our Head Cook and the kitchen staff.

Meals in Camp

Meal Rotation Schedule

Breakfast and dinner will be served in the campsites with a rotating schedule. Lunches will be served walk-through style out of the dining hall for everyone for outside eating. Each unit will have opportunities throughout the week to eat in the dining hall with other units and staff.

Campsite meals will be prepared in the Dining Hall and served in the sites; all will be cooked prior to delivery. Please check the *What to Bring List* to see what additional supplies we recommend for facilitating meals in the campsite, i.e. Mess Kits.

Final Weekly Menu will be posted in campsites upon arrival!

REMINDER - Make sure that any allergies and/or dietary needs are listed on camper registrations prior to May 31st so that we may be properly prepared to accommodate these needs. We do provide gluten free, nut free, vegetarian and more meal options if we are informed. Our kitchen staff will do their best to meet dietary needs, however additional options may be limited and not as varied as our typical menu.

Camp Safety and Health

Prescription Medicine

All prescription medications must be under locked supervision while in camp. If troops do not bring their own lockable storage for keeping medication at their campsite, medications may be stored at the First Aid cabin with the medical staff. Refrigeration is also available at the First Aid cabin for those whose medication needs to be kept cool.

The only exception is for life-threatening conditions, such as heart issues or severe allergies. Medications for these (such as an inhaler or EpiPen) should be carried and self-administered as instructed by a personal physician.

Some campsites have electricity available for medical devices such as a CPAP machine. If you require electricity for such equipment, please contact us as early as possible to ensure we get you in the correct camp site. Any other site requests may be waived in favor of medical equipment needs.

Camp Cleanliness and Sanitation

Additional staff positions were created in recent years to ensure a clean and sanitary camp. These staff members ensure that all common facilities such as restrooms and showers are cleaned and disinfected several times daily.

All program staff are responsible for cleaning and disinfecting the supplies and equipment in their areas regularly. This includes all common items such as rifles and bows, paddles and life jackets, and supplies in areas such as Scoutcraft or Handicraft.

To assist with your scout's ability to stay clean, handwashing stations have been installed in every campsite and in common areas such as the ranges, Trading Post, and Waterfront. Scouts are encouraged to use these stations often and to always maintain cleanliness.

Camp Policies

Items to Leave at Home

Some things have no place in a Scout camp, either for safety reasons or to meet with the mission and focus of summer camp programs. If something is not listed and you would like to know if it is allowed, please reference the Guide to Safe Scouting or contact us to ask.

Please do not bring:

- Pets (other than licensed service animals)
- Firearms
- Personal watercraft
- Illegal drugs (including marijuana)
- Fireworks
- Chainsaws
- Non-scouting knives (i.e. machetes, overly large sheath knives, double bladed, etc.)

Guests at Camp

Guests are welcome at camp during your visit. All guests must check in to Business Office upon arrival to sign in and receive a wrist band. They must also check out before leaving.

Any guest staying in camp overnight will be considered participants and their corresponding unit will be charged. These guests will be considered adult leaders in camp, must be registered members, youth protection trained, and provide completed BSA medical form parts A, B and C.

Guests may purchase meals at the trading post to eat with their fellow scouts or family members. The cost is \$8 for breakfast or lunch and \$10 for dinner.

Camp Policies Continued

Technology and Internet Use

We do not prevent the use of cellphones, tablets, portable music or gaming devices by campers **except** during class time. If unit leaders choose to regulate that in their own unit then we leave it up to them. However, there are limited locations and opportunity throughout camp to charge these devices.

There is limited Wi-Fi available in the dining hall for adult leader use. Internet use is limited to email and basic internet browsing - no streaming or gaming is allowed.

Swimwear

We recommend that swimwear should be comfortable, functional, and appropriate for the specific aquatic activity. It should be designed as swimwear and secure enough to not shift or fall off during the activity.

Water Toy Use

Water Toy use is open to all participants. Life-vests are always required on the toys in accordance with both BSA safe-swim and manufacturer guidelines.

Safety Concerns

Our location and environment at Camp Easton present some unique safety concerns.

Tunnel

Idaho State Highway 97 cuts straight through the middle of our property, dividing Easton into Upper and Lower Camp. In 2019 a pedestrian tunnel was built that goes under the highway. Be sure to **always** use the tunnel whenever going to and from upper camp to ensure everyone is safe.

Buddy System

All Scouts need to travel with a scout buddy while in camp. Remind your senior patrol leaders and other scouts to buddy up when they leave your campsite.

Wildlife

During your stay with us you are bound to see plenty of birds, squirrels and rabbits, and perhaps some larger wildlife as well. Do not disturb the wildlife in any way; no feeding, chasing, teasing or trapping. Camp was their home before you arrived and will continue to be long after you leave! Please respect their home!

Bears have rarely been seen on property, but every season we do have several moose sightings. Believe it or not, moose can be just as dangerous as bears! If you spot a moose on property, **STOP!** Do not approach it, try to take its picture, call out to or yell at it. Put something large between you and the moose, like a tree or large rock and back away slowly. Inform a staff member of the sighting and location immediately.

Wildlife Safety Tips

- Keep food in your campsite secure in sealed containers
- Stay on the trails
- Take care of your trash
- Don't approach or yell at wildlife
- Don't feed wildlife
- Report large wildlife sightings to staff once safely away

Safety Concerns Continued

Our location and environment at Camp Easton present some unique safety concerns.

Insects

Amazingly, there is very little mosquito population on lake Coeur d'Alene; however there are some yellowjackets. We do our best to control it, but the best action you can do is keeping your site trash and garbage free. Don't give them a reason to be near your campsite!

Dehydration and Overheating

Something about being at a lake lulls people into a false sense of security about drinking water and staying hydrated. Please make sure that everyone who attends camp brings a water bottle and uses it! It can get hot and we want to make sure everyone stays cool and safe!

Always carry a water bottle with you in camp. If you don't have one with you, staff may ask you to go get it. When you hear a one of our staff shout "KYHO!", it means everyone should stop what they are doing for a moment and take a drink of water!

**Keep
Yourself
Hydrated
Often**

Trading Post

Our trading post is a daily hub of activity with snacks of all sorts available as well as supplies, knives, and fun Scouting apparel. It is also a great place to pick up small items that are usually forgotten at home, like toiletry items or camping gear.

Money in Camp

Scouts should plan to bring some money to camp to cover the cost of any snacks, apparel, knives, Easton gear, crafting items or ammunition vouchers for the ranges. Many families find that \$50-100 is plenty of spending money for snacks and souvenirs. We do our best to have a wide variety of snacks available. All of your program fees for merit badges are added at the time of registration.

However, even though “A Scout is Trustworthy”, please ensure that all belongings and especially money are well cared for in camp and not left lying around.

Mail at Camp

Friends, family and fellow Scouters are welcome to mail letters, notes or packages to their Scouts while they are at camp. Mail is distributed daily at the evening flag ceremony. We recommend mail be sent so that it arrives early in the week or even before your scouts arrive, and is marked with the date we should deliver it to them.

If mail arrives after a unit has already left camp, we will do our best to contact the sender to arrange a return of the package.

Camp Wide Events

There are many opportunities in camp to interact with other troops from across the country and occasionally even international scouts who come to Easton! All participation in camp wide events is voluntary. We encourage participation by both Scouts and leaders in as many of these events as possible!

Flag Ceremonies (*Mornings & Evenings*)

If your troop is scheduled to be in the dining hall for breakfast, you will participate in our morning flag ceremony beforehand. If your troop is scheduled to have breakfast in your campsite, you are invited to join us, but not required. In the evening there will be a camp-wide ceremony for the whole camp, conducted by troops that sign up on the duty roster.

Vespers (*Sunday Evening*)

After everyone gets checked-in and settled in on Sunday, we hold a short, non-denominational worship service at the fire bowl. All Scouts and leaders are invited to attend for an inspirational experience overlooking beautiful Lake Coeur d'Alene.

Campfire Programs (*Monday and Friday Evenings*)

The staff will provide a campfire program on Monday night for all to enjoy. The scouts under the guidance of their SPL's and our Program Director will provide a campfire program on Friday night. Tuesday evening is unscheduled and is a great opportunity for your troop to plan and practice what they may want to contribute to the program on Friday night!

Campfire Skit and Song Tips

Here are some things to think of as your Scouts prepare for their campfire:

- Keep it simple
- Keep it short (no more than 5 minutes)
- No jokes that insult or make fun of others
- Keep it Scouting appropriate
- Practice ahead of time
- Speak up and face the audience

Camp Wide Events Continued

Polor Bear Swim *(Tuesday & Thursday Mornings)*

Wake up bright and early and come down to the waterfront at 6:00 am to take a short swim in the brisk morning water! We recommend attending on the morning your troop is eating breakfast in your campsite.

Scoutmaster Dinner *(Thursday Evenings)*

In honor of those who volunteer and sacrifice so much for our youth in Scouting, every week we hold a special dinner just for the Scoutmasters and SPLs who give their time to be with us in camp and lead their scouts. These leaders get to have a specially prepared steak dinner and spend an evening with the camp management team and special guests from the Inland Northwest Council.

Family Night *(Fridays Evenings)*

Family members are invited to come join us Friday evening for dinner and the closing campfires. Guests need to check in at the business office when they arrive in camp. Meal tickets for those who plan on joining the scouts for dinner can be purchased at the trading post.

Camp Wide Events Continued

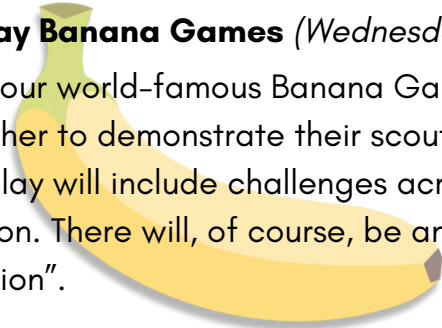

Friendship Fires *(Tuesday Evenings)*

While we don't have any special programs scheduled on Tuesday evenings, we encourage troops to invite their campsite neighbors for a combined Friendship Fire. Make dessert, share stories, perform campfire songs and skits, and make new friends!

Wednesday Banana Games *(Wednesday Morning)*

Join us for our world-famous Banana Games! This is a patrol competition, where scouts work together to demonstrate their scouting prowess while carrying a banana! The Banana Relay will include challenges across many areas of camp, requiring full patrol participation. There will, of course, be an opportunity to earn bonus points for adult "participation".

Scoutmaster Bellyflop *(Wednesday - End of Banana Games)*

In an ultimate test of endurance and gut-busting humor, Scoutmasters and other unit leaders are invited (not required in any way) to compete in an epic belly flop competition! Each troop can select one adult representative to compete for the championship title and ultimate bragging rights. The winner will be announced at evening flag ceremony.

Movie Night *(Wednesday Evenings)*

To finish out a fun and exciting day, members of the local OA Lodge host a movie on the main parade grounds. Troops are welcome to join as an alternative option to hosting a campfire in their campsite. Bring your camp chairs, blankets and snacks!

Patrol Leader Responsibilities

At Camp Easton, we believe that Patrol Leaders and Senior Patrol Leaders should lead their Scouts as much as possible. We offer several opportunities in camp for youth leaders to organize and lead their Scouts.

Every day during lunch there will be a short meeting for Scoutmasters and Senior Patrol Leaders with a member of the camp management to make sure that troops are aware of all the activities going on in camp and see if any issues or needs need to be addressed.

During the Monday Senior Patrol Leader's meeting (Patrol Leaders also welcome) youth leaders will have an opportunity to sign up for the various tasks below:

- Ranger Service Projects
- Evening Flag Ceremony Responsibilities
- Restroom/Shower Cleaning & Restocking
- Friday Night Campfire Program
- Breakfast/Dinner Kitchen Patrol

Special Activities & Awards

Outside of classes, there are additional activities at camp for both Scouts and Leaders as well as special awards for both individuals and patrols. These activities fall outside of scheduled classes and need to be done during open program time to be completed. A copy of each award sheet can be found at the end of this guide.

- Golden Paddle Award (Honor Patrol)
- Iron Scout (scouts & adults)
- Knot Ninja (scouts & adults)
- Chopstick Champion (scouts & adults)
- Silver Paddle Award (adult only)

Adult Leadership in Camp

Each unit in camp must always be under the leadership of at least two adults. All Scouting America Youth Protection rules will apply during your stay at Camp Easton. Unit Leaders are responsible for making sure registered adults have current youth protection training, and that interactions with youth meet with all established policies.

“All adults staying overnight in connection with a Scouting activity must be currently registered in an adult fee required position as listed or as an adult program participant”. <https://www.scouting.org/health-and-safety/gss/gss01/>

There are a wide variety of activities for adult leaders to participate in at camp, including training courses, high adventure opportunities, service projects and more.

Scouting's Barriers to Abuse

- 2-deep adult leadership **always**
 - No one-on-one contact
 - Respect of Privacy
- Separate Accommodations
 - Constructive Discipline
 - Appropriate Attire
 - No Hazing
 - No Bullying
- No Secret Organizations
- Youth Monitored by Adults
 - Appropriate Attire
- Act according to Oath and Law
- Everyone is responsible for enforcing Youth Protection

REMEMBER

Empower your troop's youth leadership. Make sure to involve your Senior Patrol Leader in every possible phase of camp planning, including planning youth merit badge classes!

Class Info Overview

Class Locations

As Scouts and leaders plan their schedules, it is important to remember that there is considerable distance between some of the program areas. It is highly recommended that schedules are planned so that travel time doesn't delay arriving at classes or unnecessarily tire Scouts.

For example, the trail distance from the Waterfront to the Scoutcraft is approximately half a mile and includes a 200-foot elevation change, while the distance from the Waterfront to Handicraft is only about 600 feet. Proper planning can prevent scouts and leaders from missing classes or tiring out easily. On the class schedule, we have denoted the location of each class to schedule appropriately.

Please use the camp map (page 29) to help plan your schedules accordingly.

Cardiac Hill

One of the quickest ways to get to the upper program areas (Ranges, Scoutcraft, Nature Etc.) is to take a trail which we call "Cardiac Hill". It is a steep incline with a few switchbacks, so be prepared to climb! Take it easy if you have to.

Age/Size Appropriate Classes

The Guide to Advancement states that "No council, committee, district, unit, or individual has the authority to add to, or subtract from, advancement requirements." (see *Guide to Advancement p. 2*) With that in mind, Camp Easton does not impose any age restrictions on our merit badge classes not already included in the badge itself.

We do, however, make note that younger, smaller or less experienced scouts may have difficulties with certain classes and activities. Such as manipulating the rigging on a sailboat in Small-Boat Sailing or attempting Wilderness Survival before completing the knot and fire-building requirements leading up to Second Class.

While not required, we urge you to make note of these suggestions as you plan your visit to Camp Easton and create your daily schedule.

Class Info Continued

Block Class Scheduling

In 2023, Camp Easton moved to a block class schedule for our merit badge classes. In the first summer alone, we saw drastic improvement in understanding and completion rates. The block schedule allows for more time in class that is spent on the actual learning material and hands on. Scouts are still able to take the same amount of classes as before but with more time to truly learn and grow!

Range and Target Activities

In 2024, we added the Cowboy Action program to our Range line-up. This program features the firearms Lever-action Rifle, .22 Revolver, and Break action coach style shotgun. This will be offered at limited times during the week and for 14 yrs old and up.

A special specific parental permission slip will be required for this event. The permission slip can be found on our website at www.nwscouts.org/campeaston.

PRO TIP! You don't necessarily need to "FILL" your schedule

There are three scheduled periods for classes each day, but you don't need to use them all! While merit badges are important, they are not the only benefit of summer camp and the scouting program.

Leaving an open or empty period in your schedule can also have other benefits:

- Ensure extra time for completion of difficult classes
- Reduce stress of difficult classes or travel between classes in summer heat
- Enjoy personal activities like fishing or reading a book in the shade
- Give unstructured time to spend with friends and family in the outdoors

Specialty Classes

Scuba Diving

The Scuba Program is one of Camp Easton's claims to fame. Not many summer camps can offer this merit badge because of facility, equipment, staff or time constraints. Our partnership with Jake's Scuba Adventures in Coeur d'Alene, ID has allowed us to offer this program consistently for many years.

www.jakesscubaadventures.com

Because of the time-intensive nature of this program, this class begins on **Sunday afternoon**. Those taking SCUBA need to arrive as close to 1pm as possible on Sunday and be ready to begin immediately upon arrival to complete the classroom material. These participants are rushed through the check-in process ahead of their unit to ensure they can complete the program.

Anyone attending Scuba classes, needs to complete the additional scuba medical form (available on our website) www.nwscouts.org/campeaston before arriving and bring it with you.

Zip Lining

Timberline Adventures is an outside provider that does Zip line tours on Lake Coeur d'Alene year-round. Based out of Coeur d'Alene, they have a world class facility that boasts one of the largest zip line courses in the western US. They offer this 7-zipline tour to our scouts every year during their peak season; this means the time slots they offer us vary somewhat from week to week.

Timberline Adventures

www.ziptimberline.com

Check the online class registrations for your week regularly to see what times are available. Once registered, you will get an email with a link to fill out their online waiver.

**Timberline generally provides transportation, but we may ask for help transporting scouts, approx. 8 miles.*

Inland Northwest Council Refund Policy

The Inland Northwest Council's refund policy has been established to better control and account for funds during event or camp close out reports. The Inland Northwest Council retains final decision authority on all refunds.

For cancellations because of medical reasons, a medical certificate is requested, and fees will be waived.

For cancellations because of family emergencies - a death in the family or a major unseen event, a statement from the family is needed and fees may be waived.

If for any reason a participant youth or adult is removed for cause, violation of camp rules, or fails to provide any required medical forms or registration documentation, there will not be any reimbursement.

Requesting refunds is the responsibility of the unit leadership.

For activities such as camporees, klondikes, and recognition dinners, the refund request must be coordinated IN WRITING with the council staff advisor or council service center within 72 hours of the event.

For Summer Camps or Cub Scout Resident camps, the refund request must be coordinated IN WRITING with the Camp Director or Council Service Center prior to the completion of camp session. Be sure to have an e-mail or other written confirmation of the cancellation from either the council office or camp director.

Note for Youth Registrations: Being sent home for cause, disciplinary action or changing your mind about attending does not constitute a reason for a refund.

Again: The Inland Northwest Council retains final decision authority on all refunds.
