

Scouting Alumni Service Commemoration

25, 50, & 75 Years of Service

Those of us who live by the Scout Oath and Scout Law understand the importance of Scouting. We became Scouting volunteers because we believe in the character-building experience that the Scouting Movement provides youth. Scouting Alumni & Friends has developed a commemorative medallion to celebrate the years of service provided by Scouting Alumni.

This Commemoration serves to recognize Scouting Alumni for service to their community, their profession, their religion, their family and other youth-serving organizations, as well as to Scouting. This is not an award per se, but rather a recognition of service. Thus, there are no forms, no record keeping, no signatures or review and no approval. It represents and celebrates the good deeds of recipients, the contributions that take many different forms: serving in national, regional, council, district or unit capacities, supporting the movement through financial donations or donations in-kind; and living an extemporaneous life guided by the Scout Oath and Scout Law. Calculating years of service is on the "On my honor" system and begins when one first enters the Scouting program as a youth or an adult.

Because of the deep impact of Scouting, this commemoration recognizes that duty and service to others by recipients is based in part on training, experience and challenges that Scouting provides. This very special medallion, features the founder of Scouting, Lord Baden Powell and service to youth.

The idea behind this tribute is to allow units, districts or councils to present them in a public setting, but without a formal process. Presentations should be simple, with honor, respect and dignity.

The medallion is accompanied by a lapel pin and certificate for 25, 50 and 75 years of service. 25 Years Bronze (Back shown) 50 Years Gold (Shown) 75 Years Silver room to engrave a name, years of service or other special information on the obverse.
