

TRAILBLAZER

Trail to First Class Provisional Camp

Start out a strong Scout at Camp Thunderbird!

July 25th- July 28th, 2021

Take a picture of this flyer to share with your Troop!

What is a provisional camp?

Leadership and supervision is provided by trained and experienced camp staff. Parents or Scoutmasters do not need to attend, but can. First year Scouts, up to 13 years old, who have found that their units are not attending a summer camp, unable to attend with their Troop, or just aren't ready for a 6 day Scout camp are welcome to attend Trailblazers. Some parents may choose to attend for certain reasons and that is ok too.

Each Scout will be placed in a gender specific patrol within their separate campsites and will have the opportunity to experience all of the activities that Camp Thunderbird has to offer. Scouts can sign up with buddies or by themselves. This camp session focuses on individual rank requirements through First Class.

Camp Staff consists of both adult and youth Scouters who have gone through all of the national training that's required by BSA. The camp staff's main purpose is to ensure a safe, exciting, and fun camp experience while keeping with the aims and goals of the Scouting purpose.

- It is always a possibility that aquatics will not be available.

The health and safety of each participant is very important. This summer's program is specifically designed to meet the guidelines of the CDC, county health dept., and the BSA.

	FEES:	Before 06/15/21	Late Fee
Youth		\$200	\$30
Adult		\$120	\$20
