Boy Scout Essentials

As listed in the Eleventh Edition of the Boy Scout Handbook, they are:

1. A pocketknife (presumably more than just a knife, a Swiss Army knife for example). In order to use a knife in Scouting, you must have your Totin' Chip award.
2. A first aid kit. A basic kit for first aid might include adhesive bandages, medical tape, sterile gauze, moleskin, soap, antiseptic, a mouth-barrier device for CPR, scissors and Band-Aids.
3. Extra clothing to match the weather. Multiple layers are superior to a single massive jacket, because layered clothing is adaptable to a wide range of temperatures.
4. Rain gear.
5. A flashlight.
6. Trail food such as trail mix and granola bars, etc.
7. Water Portable water purifiers and water stills may be used to obtain potable water from virtually any source. If a water-source is unavailable the use of a dromedary bag should be considered. Also bring bottled water.
8. Matches and/or a fire starter may be used to light fires for heat, or for signaling purposes. (Publicly owned forests in the United States often have lookout stations for forest fires and signal fires.)
9. Sun protection may include sunblock, sunglasses, lip balm and a wide-brimmed hat.
10. Trail maps and compass.
